to Armageddon Christopher M. Jones, 2010 The world seems to be on the brink as tensions in the Middle East are escalating daily Russia is strengthening its ties with China North Korea Syria and Iran arming them with sophisticated military weaponry Russia is building up its armed forces returning to Cold War military tactics including reopening ports used by the former Soviet Union Tensions between Israel and Iran have never been higher with each nation poised to strike against the other in a moment s notice Iran s nuclear ambition is well documented and is becoming a menace on the International stage With Israel s very existence at stake a preemptive strike against Iran s Russian built nuclear facilities is not out of the realm of possibility A preemptive strike by Israel could provoke a retaliatory response by Russia and her allies It seems that in a moment s notice the events described in Ezekiel 38 39 could break out right before our eyes or is it For many years contemporary prophecy writers have been telling us that we are living in the last days and the Gog and Magog alliance is one sure sign that the Rapture and the Second Coming of Christ are near However there is strong biblical evidence that the candidate often identified as Gog Russia may not in fact be the candidate that Ezekiel was referring too Using the Bible as a guide we can figure out who this obscure person is instead of using today s newspapers With a long history of well documented failed predictions by contemporary prophecy writers maybe it s time that we begin to reevaluate today s popular

Rand, 2007 *The Return of Planet X* is an educational informational source examining all aspects of this controversial subject including the record of X's Ancient Science of Prophecy its Phantom Astronomy Forbidden Archaeology and the Signs Of Its Approach This book examines the history and prophecy of Earth's many cultures throughout the millennia and their

voluminous references to the reality of X's periodic passages. The most current hypothesis used to examine X's next return through the solar system centers around the fact that X's extended orbit approximately every 3,600 years first passing through the solar system then back out again suggests that its destructive cycle occurs in two phases. The first phase begins with X's initial pass through in 2009 separated by three years until its second phase. This passage marks X's return leg back into deep space beginning again its 3,600 year long trek through the heavens. X's last return visit through the solar system most likely coincided with the Hebrew's exodus from Egypt estimated around 1447 BC roughly 3,459 years ago. Did God somehow come to Moses aid by staging a cosmic event that no one today understands? The Mayan Celestial Calendar Codex inexplicably ends 21 December 2012. According to ancient Mayan cosmology time as we know it on Earth will reach its climax on that date. Written across the scroll of time and space the author believes Planet X will first return in 2009 and again in 2012.

Religious Myths and Visions of America Christopher Buck, 2009-04-30. At the heart of American studies is the idea of America itself. Here Buck looks at the religious significance of America by examining those religions that have attached some kind of spiritual meaning to America. The author explores how American Protestantism and nine minority faiths have projected America into the mainstream of world history by defining and by redefining America's world role. Surveying the religious myths and visions of America of ten religions, Buck shows how minority faiths have redefined America's sense of national purpose. This book invites serious reflection on what it means to be an American particularly from a religious perspective. Religious myths of America are thought orienting narratives that serve as vehicles of spiritual and social truths about the United States itself. Religious visions of America are action oriented agendas that articulate the goals to which America should aspire and the role it should play in the community of nations. Buck examines the distinctive perspectives held by ten religious traditions that inform and expand on the notion of America and its place in the world. He covers Native American, Protestant, Catholic, Jewish, Mormon, Christian, Identity Black, Muslim, Islamic, Buddhist, and Baha'i beliefs and invites serious reflection on what it means to be an American particularly from a religious perspective.

The Rapture Exposed Barbara R. Rossing, 2005-07-06. The author, a professor of theology and ordained minister, argues that Revelation does not predict a seven year tribulation nor a rapture of Christians. Rather it offers a vision of God's healing love for the world.

Marjorie Finnegan, Temporal Criminal #3 Garth Ennis, 2021-07-21. She's Marjorie Finnegan. She's a temporal criminal. What more do you need to know? Oh, all right, then all Marj wants to do is race up and down the time lanes stealing every shiny, gleamy, pretty, sparkly she can lay her hands on. But her larcenous trail from the Big Bang to the Ninety-fifth Reich has drawn the beady eye of the Temporal PD, whose number one Deputy Marshall is now hard on our heroine's tail and taking things extremely personally. Worse still, Marj's worthless creep of an ex and his even scummier partner have seen an angle of their own in all this and now intend to use her time tech to change history for their own benefit. Marj's only ally, a guy called Tim, and he's just a head. I mean, come on, what use is just a head?

Trumpocalypse Paul McGuire, Troy

Anderson, 2018-01-02 From the authors of the international bestseller *The Babylon Code* comes an explosive exposé of the chilling truth about the fierce opposition to the Trump presidency and why the globalist elite and Deep State will stop at nothing: assassination, military coup, staged economic collapse or worse to overthrow him. *Trumpocalypse* is the media-coined meme inciting panic and fear that America has elected an unstable man who will barge into delicate international affairs like a bull in a china shop and incite nations bent on America's destruction to trigger World War III, an unprecedented nuclear apocalypse ending the world as we know it. But is the media telling us the truth? No, says internationally recognized prophecy expert and Fox News and History Channel commentator Paul McGuire and Pulitzer Prize-nominated investigative journalist Troy Anderson. America's most insidious enemies are not hostile nations; they are elite globalists, the Establishment that is making the 1 percent even richer while working- and middle-class people watch their incomes and net worths flatline or plummet. The authors fearlessly expose the globalist elite's secret plan for humanity and campaign of mass deception. Using documentation gleaned from years of journalistic investigation and extensive interviews with over fifty of the world's most respected geopolitical, economic and military affairs experts, faith leaders and biblical scholars, McGuire and Anderson unmask these elites as members of secret societies with deep occult connections who have gained control of America's dominant institutions: government, education, entertainment, international banking and even the media. *Trumpocalypse* explores the enigmatic prophecies and biblical codes involving Trump and asks whether God raised up President Trump as a fearless leader to guide America and the free world through a series of major crises as the biblical end-time narrative unfolds. As many people with prophetic gifts are predicting and shows why everyday Americans and evangelicals have rallied around Trump as their last hope of saving America and averting the horrors of the Apocalypse. It further reveals why Trump and millions of deplorables are fighting to stop the hidden agenda of the Establishment and how the perplexing chaos enveloping the planet could paradoxically signal the beginning of the great end times, awakening that millions are praying for. Here is an invitation to join the anti-Establishment surge what evangelist Franklin Graham calls the Christian revolution and discover how to fulfill your own destiny in the run up to the Second Coming of Jesus Christ.

The Struggle for Jerusalem's Holy Places Wendy Pullan, Maximilian Sternberg, Lefkos Kyriacou, Craig Larkin, Michael Dumper, 2013-11-20 *The Struggle for Jerusalem's Holy Places* investigates the role of architecture and urban identity in relation to the political economy of the city and its wider state context, seen through the lens of the holy places. Reflecting the broad disciplinary backgrounds of the authors, this book provides perspectives from architecture, urbanism and politics and provides in-depth investigations of historical, ethnographic and policy-related case studies. The research is substantiated by fieldwork carried out in Jerusalem over the past ten years as part of the ESRC Large Grants project *Conflict in Cities*. By analysing new dynamics of radicalisation through land seizure, the politicisation of parklands and tourism, the strategic manipulation of archaeological and historical narratives and material culture and through examination of general appropriation of Jerusalem's varied rituals

memories and symbolism for fictional uses the book reveals how possibilities of co existence are seriously threatened in Jerusalem Shedding new light on the key role played by everyday urban life and its spatial settings for any future political agreements about the city and its religious sites this book is a useful reference work for students and scholars of Middle East Studies Architecture Religion and Urban Studies **The Europa Conspiracy** Tim LaHaye, Tim F.
