The Authority of Scripture in Reformed Theology Henk Van Den Belt, 2008-01-01

This book discusses the concept of the self convincing authority of Scripture in the historical development of Reformed theology and advocates an emphasis on the autopistia in a postmodern context because truth and trust are inseparable

Authority, Conflict, and the Transmission of Diversity in Medieval Islamic Law Kevin Jaques, 2006-04-01 This book looks at abaq t al fuqah al sh fi yah by Ibn Q Shuhbah d 851 1448 and how its author attempted to portray the development of the Sh fi school of law up to his own times The volume examines the impact of crises on the formation of the abaq t genre It demonstrates how abaq t dedicated to explicating religious authority were used by authors to sort out challenges to intellectual orthodoxies It also examines in detail the abaq t directly demonstrating Ibn Q Shuhbah s depiction of the development of Sh fi law the formation of intellectual sub schools within the madhhab the causes of legal decline and curatives for the decline that are to be found in the great Sh fi Ikhtil f divergent opinion texts the Az z shar al waj z by al R fi and the Raw t al lib n by al Nawaw 2004 Logistics Demensions vol1 , Handbook of Religion and the Authority of Science Jim R. Lewis, Olav Hammer, 2010-11-19 There has been a significant but little noticed aspect of the interface between science and religion namely the widespread tendency of religions to appeal to science in support of their truth claims Though the appeal to science is most evident in more recent religions like Christian Science and Scientology no major faith tradition is exempt from this pattern Members of almost every religion desire to see their truths supported by the authority of science especially in the midst of the present historical period when all of the comforting old certainties seem problematic and threatened The present collection examines this pattern in a wide variety of different religions and spiritual movements and demonstrates the many different ways in which religions appeal to the authority of science The result is a wide ranging and uniquely compelling study of how religions adapt their message to one of the major challenges presented by the contemporary world **Matriculture, Shamanism, and the Authority of Women** Linnéa Rowlatt, Angela Sumegi, 2025-07-31 This book is an edited collection of chapters featuring research into the history and contemporary expressions of matricultures in communities that include the Basque of northern Spain and southern France the Mosuo of China the Ahtna of southern Alaska the Pangcah Amis of Taiwan and the Ho chunk and Cherokee of the contiguous United States as well as present day settler American society Based on Geertzian theory matriculture is a term used here to encompass that entire cultural system present within every society pertaining to mothers women and the feminine in other words the various cultural worlds that women inhabit voluntarily or involuntarily Power in this context represents the authority that women wield or are denied in these worlds This book then explores intersections between matriculture and power among a wide range of societies contributors document the waxing and waning of matriculture across diverse realms of the spiritual shamanic and the socio political By examining the powers that be these contributions provide new avenues of analysis and throw light on the forces at work that support or suppress women s authority action and agency They point to the social benefits of a thriving matriculture and to the conditions necessary for all members of a society to flourish **The**

Authority of Female Speech in Indian Goddess Traditions Anway Mukhopadhyay, 2020-08-27 Contemporary debates on mansplaining foreground the authority enjoyed by male speech and highlight the way it projects listening as the responsibility of the dominated and speech as the privilege of the dominant What mansplaining denies systematically is the right of women to speak and be heard as much as men This book excavates numerous instances of the authority of female speech from Indian goddess traditions and relates them to the contemporary gender debates especially to the issues of mansplaining and womansplaining These traditions present a paradigm of female speech that compels its male audience to reframe the configurations of masculinity This tradition of authoritative female speech forms a continuum even though there are many points of disjuncture as well as conjuncture between the Vedic Upanishadic puranic and tantric figurations of the Goddess as an authoritative speaker The book underlines the Goddess's role as the spiritual mentor of her devotee exemplified in the Devi Gita and re-situates the female gurus in Hinduism within the traditions that find in Devi's speech ultimate spiritual authority Moreover it explores whether the figure of Devi as Womansplainer can encourage a more dialogic structure of gender relations in today's world where female voices are still often undervalued *Investigation of the Tennessee Valley Authority* United States. Congress. Joint Committee to Investigate Tennessee Valley Authority, 1939 The Authority and Interpretation of the Bible Jack Rogers, Donald K. McKim, 1999-02-05 This book is a detailed and comprehensive study of attitudes toward biblical authority and interpretation held from the beginnings of the Christian era to the present day In clear and readable fashion the authors examine the writings of early church fathers the medieval exegetes and the leaders of the Protestant Reformation to locate the source of and refute the position of inerrancy The Authority of Law in the Hebrew Bible and Early Judaism Jonathan Vroom, 2018-09-11 In *The Authority of Law in the Hebrew Bible and Early Judaism* Vroom identifies a development in the authority of written law that took place in early Judaism Ever since Assyriologists began to recognize that the Mesopotamian law collections did not function as law codes do today as a source of binding obligation scholars have grappled with the question of when the Pentateuchal legal corpora came to be treated as legally binding Vroom draws from legal theory to provide a theoretical framework for understanding the nature of legal authority and develops a methodology for identifying instances in which legal texts were treated as binding law by ancient interpreters This method is applied to a selection of legal interpretive texts Ezra Nehemiah Temple Scroll the Qumran rule texts and the Samaritan Pentateuch **Women and the Authority of Scripture** Sarah Heaner Lancaster, 2002-09-01 The theological impact of accepting the absolute authority of biblical scripture is enormous especially for women who attend and serve churches But until now few books have been willing to address this issue head on Sarah Lancaster looks at the way women in the church have dealt with the question of scriptural authority and how they can address it in the future Some women she says accept the authority of the Bible without question and stay in church without change of attitude or action Others deny that the Bible has any authority completely leaving Christianity in the belief that the Bible and Christian

tradition are irredeemably patriarchal Still others recognize that while scripture is largely patriarchal it is authoritative for their life of faith The Bible possesses a narrative coherence its story resonating in our own lives For women the Bible can continue to ring true to their experience letting them acknowledge scripture s authority in spite of its problems The Bible is not about patriarchy it is about how God is present to us and interacts with us in order to bring us to fullness of life Lancaster says that women can criticize those things in scripture that help maintain a patriarchal world without invalidating scripture s authority Scripture she argues informs forms and transforms With its combination of narrative and feminist theology Women and the Authority of Scripture brings a powerful new perspective to the doctrine of biblical authority in the contemporary world Sarah Heaner Lancaster is Associate Professor of Theology Methodist Theological School in Delaware Ohio She is an ordained elder in the North Texas Conference of the United Methodist Church She lives in Westerville Ohio

The Authority of Experience John Pickering, 2013-12-02 This collection of writings presents contemporary views on the integration of Buddhism in the West Over the past few decades Buddhism has deepened its presence in the West and as a result teachings and practices are becoming integrated with those of Western psychology in a more productive way The decline of mechanism and positivism offers new opportunities to bring together Western Buddhist views of the mind and its relationship to its surroundings Written by psychologists and scholars the essays discuss many of the difficult questions raised by Buddhism s increased presence In particular the issue of the balance between authenticity and accessibility is examined Buddhist traditions are often perceived as inaccessible and too firmly fixed to a cultural framework with some people especially women left feeling alienated and undervalued However by responding to this by attempting to synthesise Buddhism with the values of contemporary culture can lead to doubts about authenticity and dilution Examining these issues and many more the contributors seek to bring Buddhism into a realistic and informed relationship with contemporary Western thought

Theological Diversity and the Authority of the Old Testament John Goldingay, 1987 In this book John Goldingay examines how the diverse viewpoints reflected in the Old Testament may be acknowledged interrelated and allowed to function theologically In doing so he analyzes as well as synthesizes treating both the biblical text and scholarly interpretations of it Book jacket
