The Abraham Principle Arnie Gotfryd, 2014-11-03 Of the world's seven billion inhabitants it seems that over half identify with a faith which is Abrahamic But why and what does that really mean Is there really any common ground between Christian and Muslim Brahman and Jew In this uniquely edutaining treatise by an ecosystems analyst gone Chassidic Dr Arnie Gotfryd explores legend and laboratory philosophy and fact in an enlightening exploration of the interplay of modern science and traditional faith Central to his theme is the notion that one elegant yet little known concept apparently developed by a child some 3 800 years ago has engendered both those great solitudes religion and science and even today holds the key to their ultimate conciliation When Judaism Meets Science Roger L. Price, 2019-04-22 This book seeks to confront the challenge that science presents to the traditional pillars of Judaism It identifies and analyzes a wide variety of issues including some contemporary sacred cows First the book considers what is fact and what is fiction in the primary stories contained in Judaism's foundational texts Then drawing on Jewish ethical teachings it seeks to determine how Judaism and science can inform each other with respect to a broad range of contemporary issues from abortion and allergies to vaccinations and violence with firearms Finally it peeks into the future to address issues that Judaism and science are just now beginning to discuss such as an exotheology for aliens on distant planets a Jewdroid who seeks acceptance in a shul and even the fate of the universe itself When Judaism Meets Science addresses readers of all persuasions regardless of denomination and whether a believer or not as the author builds a case with specific recommendations for the value of a reality based Judaism one grounded on both traditional ethics and empirical evidence that can resonate with the educated adults of Israel **Neo-Calvinism and Roman Catholicism**, 2023-06-05 In their theological and historical interactions neo Calvinism and Roman Catholicism have often met in moments of conflict and co operation The neo Calvinist statesman Abraham Kuyper polemicized against the Roman Catholic Church and its theology whilst building bridges between those traditions by forging novel political coalitions across ecclesiastical boundaries In theology Gerrit C Berkouwer a neo Calvinist critic of Roman Catholicism in the 1930s later attended the Second Vatican Council as an appreciative Protestant observer Telling their stories and others including new research on lesser known figures and neglected topics this book presents the first scholarly volume on those dynamics of polemics and partnership Atheist Persona John J. Pasquini, 2014-04-15 In the past as in the present science has explored the reasons for belief In recent years with the rise of categorical practical and militant atheism the scientific and philosophical community has begun studying the worldview of atheism The Atheist Persona Causes and Consequences is a summary of the most recent research by the best of scholars on the subject of atheism In an effort to create a more courteous dialogue between theists and atheists this book acknowledges that while there are reasons for believing in God there are also reasons for not believing in God Atheist Persona showcases how the worldview we choose to accept determines how we live our lives and how we influence those around us **The Science of**
