some disaffected and drug addicted kids and Richard because he had been working with Science and Behavior Books on transcribing and editing Fritz Perls seminal work *The Gestalt Approach and Eyewitness to Therapy* They started a local Gestalt group and ran 2-3 sessions a week collaborating and experimenting with the language of therapy They started achieving some brilliant results but were having problems transferring their skills to others and so Richard invited one of their college professors John Grinder to observe what they were doing in order that he would hopefully be able to deconstruct what they were doing that was so effective John was a professor of Linguistics and was instantly impressed with the work that they were doing He was able to add more structure and in due course the three of them formalised what is now known as the Meta Model NLP or Meta as it was known then was born *The Amazing Life of Ormond McGill* Ormond McGill, 2005-07-06 Ormond McGill has hypnotised audiences all over the world with his exciting stage shows Here are some of the secrets of his success fun reading and additionally a resource of little known information for magicians and hypnotists Dr Dwight F Damon President National Guild of Hypnotists Inc [Kick the Drink...Easily!](#) Jason Vale, 2011-03-01 There is no such thing as an alcoholic and there is no such disease as alcoholism as society understands it Whether you agree with this statement or not one thing is for sure you will never see alcohol in the same light ever again after reading this book Jason Vale takes an honest and hard hitting look at people's conceptions of our most widely consumed drug Jason's major argument is there is no such thing as an alcoholic and that we are conditioned to accept alcohol as a normal substance in today's society despite the fact that it is the major cause of many of today's social problems and a wide range of health issues This book is much more than a simple eye opener it will change the way you see alcohol forever show you how to stop drinking help you enjoy the process and enjoy your life so much more than you do now without having to drink alcohol So open your mind and take a journey with Jason to explore the myths about the most used and accepted drug addiction in the world
