The Baby Wrestler:

The Baby Wrestler James Cyril McGowan, 2014-05-16 Meet THE BABY WRESTLER a global troubleshooter for the United Nations who believed that he could handle any situation until he found himself in charge of a precocious toddler a hyperactive preschooler a wolf dog who liked to eat deliverymen and an old house that was falling down around all of them This comic memoir by a vexed soul who's brought low and then raised up by tiny terrorists of love is told through 50 short chapters alternatively hilarious and profound Along the way the book reveals some of the harrowing work experiences the author endured prior to dropping off the U N's radar screen and taking on the impossible job of raising perfect hellions Over the course of a decade the paradox at the heart of his mission was revealed there is no future in childcare except the future itself That paradox might explain why it is ten times more likely that an American man will be in prison than taking care of his kids at home THE BABY WRESTLER is now poised to trigger a revolution in the way people view fathers or mothers who actually take care of their children

Wrestling with Randi Leah Mae Wright, 2022-02-15 Randi Mae Lee felt like she was stuck in a rut and had no idea how to crawl her way out of it She had tried to portray herself as outgoing and confident all her life but she felt awkward in the good girl role everyone expected her to play as the sheriff's daughter After a traumatic lecture from her parents as a teenager she mostly repressed her sexuality and any part of her personality that she thought might cause a repeat She struggled with feelings of guilt anytime she acted on her baser instincts never letting a boyfriend turn the relationship sexual until after at least a month of dating and always breaking up with them within a few days of their first time together Randi secretly longed to find a way to start standing up for herself and living life on her own terms She wanted to find her dream job and break her bad relationship cycle but fear kept holding her back James Hunter lived a pretty great life After an idyllic childhood on the family homestead in the small town of Heart's Destiny Texas James had completed his college degree before going on to act as a bad boy of professional wrestling He teamed with his brother as the Dangerous Twins an outlaw biker tag team for the Galactic Wrestling Association He was living the dream traveling the world while working at a job he loved The only drawback was the feeling of jealousy he had at seeing the married wrestlers who traveled with their families At twenty five he was starting to feel like it was time to cut back on the nights out at bars and start settling down to build a family Random one night stands weren't fulfilling anymore but it was hard to find The One when he was traveling three hundred and twenty days a year and not in one place long enough to really start a relationship When good girl meets bad boy sparks fly Fate seemed to be pushing him in the right direction the night James met Randi It was instalove for the pro wrestler and the sheriff's daughter They fell hard and fast for each other but could they maintain their love when his travel schedule reduced them to a mostly texting romance Or could they find a way to be together more than the nine days they got together for his Thanksgiving vacation and her sister's wedding to his other best friend He was the dirty talking alpha man of her dreams and she was the sexy sweet woman of his When a pregnancy mix up pitted the lovebirds against her overprotective father things looked bleak for their future together Would James's love be enough to help Randi find and accept who she really was deep inside Would he be able to pull back on his alpha tendency to take over her life and protect her from the world long enough for the wonderful woman inside her to shine when she's ready to show her true self to the world When all is said and done will James and Randi finally get their happily ever after

This study has immediate rewards as it is supposed that you will be using your own experiences as a reference at all times. It will also motivate you in your persistency for your personal search for one of the greatest of all virtues your search for truth. This ANDRAS workbook will give you answers to long asked questions. By responding as truthfully as you can even to asking people close to you for the answers when completing the activities on the right hand pages you will get inner satisfaction in realms philosophical physical and metaphysical. This workbook will also give you techniques to implement change that will give you control over the day to day unwanted repeating patterns that consume so much energy and time. The ANDRAS workbook is based on the premise that the individual can be in control of his or her own destiny and that we create the reality we call our fate. Change can take place in your life by the application of free thought power and free will power if you take the necessary effort to unlock that power of thought and will. The ANDRAS workbook explains how the pictures we carry in the subconscious mind create the life in our destiny and that we can access any negative pictures and resolve the associated feeling in a symbolic process to create a chosen picture reflecting your real worth. The challenge to you is to learn HOW TO BELIEVE in those chosen pictures and let the pictures and your thoughts move in harmony on to your chosen words and then into planned action to productive achievement. Belief is the hardest part of any personal development. The ANDRAS workbook also explains the mechanics that you can apply to the processes you will learn. How you can assert influence in your outer surroundings with a strong inner sense of conviction and sound principle. This is the beginning of genuine inner knowing and you are introduced to the Wisdom Grid which in conjunction with the tool of Choice will deepen your understanding of individual and collective behaviors to prompt you to communicate at a deeper and much more intuitive level being true to yourself and the universal laws of love and grace.
