The Babylon Contingency:

The Babylon Contingency Clifford Longley, 2014-10-17 Investigating a burglary at an English country house DI Robbie Peele comes face to face with some of the most mysterious objects in world archaeology disks similar to the Phaistos Disk and with a Middle Eastern terrorist cell determined to steal them Why and why are Mossad involved The vital clue is a long abandoned Muslim village in Crete where terrible things happened more than a century ago witnessed by a Victorian gentleman explorer who recorded what he saw in coded diaries Seeking the truth about the strange disks Peele and his assistant Sarah Shipton head to Crete But Crete poses as many puzzles as it solves In the end Peele has to ask far harder questions than simply who did the original burglary the answer to which infuriates him What do the disks really say in what language and who made them And why is the answer so dangerous to peace in the Middle East Decoding the Prophet Jeremiah Mark Biltz, 2020-10-06 Could an ancient prophet hold a present key that will reveal the future Jeremiah was an Old Testament voice but he still speaks to our day Alone and living in a time of chaos he was a prophet and Levitical priest whose fellow priests and prophets wanted him dead In fact everyone wanted him dead the political leaders his neighbors and even his family At twenty three years old Jeremiah was told to speak truth to power and not to worry what the consequences may be God told him that people love to praise the Lord but refuse to do what He says In spite of the judgments cascading upon the heads of the inhabitants of Jerusalem the Lord promised a new covenant with Israel and Judah that would revolutionize their walk with Him In *Decoding the Prophet Jeremiah* you will discover the following The warnings from God in Jeremiah's day are for our generation as well Even when you feel betrayed by everyone there is still hope God keeps His covenant and will never leave you or forsake you This book is a clarion call to all believers We need to see the bigger picture it is not about us but about God's heart and God's kingdom God is looking for warriors who are about advancing His kingdom by storming the gates of hell and setting His sons and daughters free from the clutches of the greatest narcissist of all time Mark Biltz unpacks two books of the Bible written by the prophet Jeremiah the Book of Lamentations and the Book of Jeremiah Biltz has uncovered fascinating Hebraic codes within Lamentations making this a truly unique message for readers This book will encourage you to persevere in your faith despite cultural shifts and pressures much like what the prophet Jeremiah did

McDonough, Nadeem A. Memon, Avi I. Mintz, 2013-09-03 The education provided by Canada's faith based schools is a subject of public political and scholarly controversy As the population becomes more religiously diverse the continued establishment and support of faith based schools has reignited debates about whether they should be funded publicly and to what extent they threaten social cohesion These discussions tend to occur without considering a fundamental question How do faith based schools envision and enact their educational missions *Discipline Devotion and Dissent* offers responses to that question by examining a selection of Canada's Jewish Catholic and Islamic schools The daily reality of these schools is illuminated through essays that address the aims and practices that characterize these schools how they prepare their students to become citizens of a multicultural Canada and how they respond to dissent in the classroom The essays in this book reveal that Canada's faith based schools sometimes succeed and sometimes struggle in bridging the demands of the faith and the need to create participating citizens of a multicultural society Discussion surrounding faith based schools in Canada would be enriched by a better understanding of the aims and practices of these schools and this book provides a gateway to the subject *The Book of Revolutions* Edward Feld, 2022-09 2023 Top Five Reference Book from the Academy of Parish Clergy The Torah is truly the Book of Revolutions born from a military coup the Northern Israelite revolution the aftermath of an assassination and regency a Judean revolution and a quiet but radical revolution effected by outsiders whose ideas proved persuasive Babylonian exile Emerging from each of these were three key legal codes the Covenant Code Exodus the Deuteronomic Code Deuteronomy

and the Holiness Code Leviticus which in turn shaped the Bible biblical Judaism and Judaism today In dramatic historical accounts grounded in recent Bible scholarship Edward Feld unveils the epic saga of ancient Israel as the visionary legacy of inspired authors in different times and places Prophetic teaching and differing social realities shaped new understandings concretized in these law codes Revolutionary biblical ideas often encountered great difficulties in their time before they triumphed Eventually master editors wove the threads together intentionally preserving competing narratives and law codes Ultimately the Torah is an emblem of pluralistic belief born of revolutionary moments that preserved spiritual realities that continue to speak powerfully to us today Wesley One Volume Commentary Kenneth J. Collins, 2020-03-17 This one volume commentary on the entire Bible was written by more than 40 scholars from the broad range of Wesleyan denominations including The United Methodist Church The Church of the Nazarene The Church of God Anderson The Church of God Cleveland The Wesleyan Church The Free Methodist Church and The Salvation Army It is the only specifically Wesleyan Bible commentary available and assists pastors in sermon preparation small group leaders in lesson preparation and laypeople in Bible study Joel B Green Professor of New Testament Interpretation at Fuller Seminary called this commentary The Wesley Study Bible The commentary form will allow for a much greater exploration of Wesleyan themes and theology than a Study Bible ever could **Annotated Bibliography of Coastal Zone Management Work Products**, 1983 **Battle of the Gods: The God of Israel Versus Marduk of Babylon** Kessler, 2018-03-20 This monograph is a literary study of the oracles against Babylon in Jeremiah chapters 50 51 They form the climax of the foreign oracle collection in the book of Jeremiah Included are a survey of early scholarship on these chapters a discussion of genres and motifs verbal components and a succinct survey of the historical context However the major emphasis is directed to the dynamic of these oracles as a literary creation with a message That message is directed to Judah and Israel who are urged to flee a doomed city with its idolatrous civilization and to return to their homeland to Jerusalem to enter a permanent covenant with YHWH the God of their fathers Throughout the literature is discussed in its natural contexts within the oracle collection in Jeremiah in comparison with the Isaian oracles against Babylon and within the canonical book of Jeremiah demonstrating the climactic position of these oracles *Reading the Book of Jeremiah* Martin Kessler, 2004 Ferment is the correct word by which to characterize current Jeremiah studies a deep and broad stirring that relies on previous scholarship but that seeks to move beyond that scholarship in bold and new ways This collection of fine essays not only reflects that ferment but in important ways contributes to it and advances the discussion Most broadly the current discussion seeks to move beyond the historical critical categories of Sigmund Mowinckel and Bernhard Duhm and the classic formulation of three sources A B and C In Jeremiah as in other parts of biblical scholarship the new questions concern the inadequacy of historical critical readings of a positivistic kind and the prospect of synchronic readings either through ideological analysis that seeks to show that ideology shapes the book or through canonical readings that find a large theological intentionality to the whole of the book It turns out perforce that

ideological and canonical readings are closely twinned in their judgment about the literature This present collection which includes both new voices and some of the established major players in the discussion merits important attention From the preface by Walter Brueggemann
