Scribbling Katie Hall,2012-03 Katie Hall's poems are of the rare kind that pierce right into your soul leaving a tingling feeling under your skin matched only by the speechless silence enveloping the roaring storms in your mind In other words They touch you Not as soapy pathos on contrary they touch your deepest poorly lit spots because they are so real and relevant No matter if you have lived situations similar to what the poems get into you feel that you are right there right in it You empathise not with the author or a narrator but with yourself What makes Katie Hall's poetry lie so close to our own struggles and doubts are their way of spinning around the swirl formed by the eternal dilemma between needing and resisting between shame and desire Ultimately between honesty and pretence To be read one by one reflected upon and then re read If you are up to it Cause you will discover sides of yourself that you had forgotten about or stowed away Now with Katie Hall it is time to find it back Bjorn Clasen *Obrigada*

Roar Cecelia Ahern, 2019-04-16 From the bestselling author of P S I Love You a fiercely feminist story collection that illuminates sometimes in fantastical ways how women of all kinds navigate the world today now an Apple TV series from the creators of GLOW starring Nicole Kidman Cynthia Erivo Merritt Wever and Alison Brie. In this singular and imaginative story collection Cecelia Ahern explores the endless ways in which women blaze through adversity with wit resourcefulness and compassion. Ahern takes the familiar aspects of women's lives the routines the embarrassments the desires and elevates these moments to the outlandish and hilarious with her astute blend of magical realism and social insight. One woman is tortured by sinister bite marks that appear on her skin another is swallowed up by the floor during a mortifying presentation yet another resolves to return and exchange her boring husband at the store where she originally acquired him. The women at the center of this curious universe learn that their reality is shaped not only by how others perceive them but also how they perceive the power within themselves. By turns sly whimsical and affecting these thirty short stories are a dynamic examination of what it means to be a woman in this very moment. Like women themselves each story can stand alone yet together they have a combined power to shift consciousness inspire others and create a multi voiced Roar that will not be ignored. Includes a Reading Group Guide.
