## **That Embattled Isle:**

**That Embattled Isle** David Kuijt, David Schlanger, 2014-12-31 That Embattled Isle is a set of seven detailed historical scenarios for De Bellis Antiquitatis DBA that can be enjoyed as a set in a group or convention setting or played one at a time by enthusiasts The battles trace a variety of foreign invasions of Britain and resistance against them from earliest recorded history with the Romans through the 13th century The authors David Kuijt and David Schlanger have playtested these scenarios at large wargaming conventions over the last decade Be on the lookout for other forthcoming projects from Two Davids Productions

**A Newsman Remembered** Robert Smith Jordan, 2011-04-12 A Newsman Remembered is not just the story of the life of Ralph Burdette Jordan RBJ or Jock who was a remarkable newspaperman motion picture publicist war correspondent It is also a glimpse into an era of American social and political history that is now unfortunately largely forgotten if not discarded The compelling personalities with whom he engaged Aimee Semple McPherson William Randolph Hearst Louis B Mayer General Douglas MacArthur are but fading memories which this book briefly restores The first half of the 20th century began as an era of optimism that encompassed a belief that working hard along with seizing the main chance would produce social professional and financial success Ralph Jordan certainly exuded that optimism in everything that he encountered in his short life Along with his contemporaries moving into the great largely ill defined middle class was his overarching goal Within this goal family life was an important ingredient for him marriage in his day was still a partnership with clearly defined marital roles and expectations Ralph and Marys marriage reflected that domestic configuration Religious faith if not always observed to the letter also formed an important part of their family life It could not be otherwise for them and those other largely third generation descendants of Mormon pioneers and their non Mormon contemporaries with whom they associated These so called Mormon second and third generation diasporans were willing even eager to leave behind them the remoteness of what was then described as Zion to seek more promising futures elsewhere retaining as best they could their unique heritage Thus Ralph Jordans story is indeed a life and times story worth telling

**The Papacy and the Levant, 1204-1571** Kenneth M. Setton, 1984 This is the third of four volumes which trace the history of the later Crusades and papal relations with the Levant from the accession of Innocent III in 1198 to the reign of Pius V and the battle of Lepanto 1566 1571 From the mid fourteenth century to the conclusion of his work the author has drawn heavily upon unpublished materials collected in the course of more than

**Postcolonial Nations, Islands, and Tourism** Helen Kapstein, 2017-07-11 Postcolonial Nations Islands and Tourism examines how real and literary islands have helped to shape the idea of the nation in a postcolonial world Through an analysis of a variety of texts ranging from literature to prison correspondence to tourist questionnaires it exposes the ways in which nationalism relies on fictions of insularity and intactness which the island and island tourism appear to provide The island space seems to offer the ideal replica of the nation and tourist practices promise the liberation of leisure the gaze and mobility However the very reliance on the constantly shifting and eroding island form exposes an anxiety about boundaries and limits on the part of the postcolonial nation In appropriating island tourism the new nation tends to recapitulate the failures and crises of the colonial nation before it Starting with the first literary tourist Robinson Crusoe Postcolonial Nations Islands and Tourism goes on to show how authors such as JM Coetzee Romesh Gunesequera and Julian Barnes have explored the outlines and implications of islandness It argues that each text expresses a profound discomfort with national form by undoing the form of the island through a variety of narrative strategies and rhetorical manoeuvres By throwing the category of the island into crisis these texts let uncertainties about the postcolonial nation and its violent practices emerge as doubt in the narratives themselves Finally in its selection of texts that shuttle between South Africa Great Britain and Sri Lanka equalizing the former colonial metropole and its outposts it offers an alternative disciplinary mapping of current postcolonial writing

**Neuroarchitecture** Ian Ritchie, 2020-12-21 Applying the insights of neuroscience to architecture has the potential to deliver buildings and spaces that measurably promote well being and create healthier or more effective environments for specific activities There is however a risk that neuroarchitecture will become just another buzzword a passing architectural fashion or a marketing exercise just as eco green and sustainable have become This issue of AD offers the reader an alternative to neuro sound bites and exposes them to the thinking which led to the design of the Sainsbury Wellcome Centre for Neural Circuits and Behaviour SWC a pioneering medical research facility designed to foster collaboration between researchers Multi award winning the SWC was one of the first buildings in the world designed to take into account what has been learned about how the work space affects behaviour and is a highly effective building in which to work Readers will gain a richer deeper insight into the complex mental and existential aspects of architecture design and our many senses how they interact and might interact in the future and how that knowledge can be used to design more effective buildings and built environments

in the Mexican War during which Ripley was cited for gallantry in combat In 1849 he published The History of the Mexican War the first book length history of the conflict While stationed at Fort Moultrie in Charleston Ripley met his Charleston born wife and began his conversion from unionism to secessionism After resigning his US Army commission in 1853 Ripley became a sales agent for firearms manufacturers When South Carolina seceded from the Union Ripley took a commission in the South Carolina Militia and was later commissioned a brigadier general in the Confederate army Wounded at the Battle of Antietam in 1862 he carried a bullet in his neck until his death Unreconciled in defeat Ripley moved to London where he unsuccessfully attempted to gain control of arms manufacturing machinery made for the Confederacy invented and secured British patents for cannons and artillery shells and worked as a writer who served the Lost Cause After twenty five years researching Ripley in the United States and Great Britain Bennett asserts that there are possibly two reasons a biography of Ripley has not previously been written First it was difficult to research the twenty years he spent in England after the war Second Ripley was so denigrated by South Carolina s governor Francis Pickens and Gen P G T Beauregard that many writers may have assumed it was not worth the effort and expense Bennett documents a great disconnect between those negative appraisals and the consummate sincere military honors bestowed on Ripley by his subordinate officers and the people of Charleston after his death even though he had been absent for more than twenty years A vitally useful addition to the Civil War Charleston literature Civil War Books and Authors A deeply researched and closely argued study General Roswell S Ripley emerges from the margins of Civil War history thanks to the able pen of Chet Bennett A Wilson Greene author of Civil War Petersburg Confederate City in the Crucible of War
