collection Tender and Miriam Toew's novel *Women Talking* but also examines a non Mennonite text Samuel R Delany's novel *The Mad Man* alongside practices of haiku and tarot to show how reading theapoetically is transferable to other literary traditions Weaving together close reading and personal narrative this pathbreaking book makes a significant and original contribution to the field of Mennonite literary studies Cruz's arguments will also be appreciated by literary scholars interested in queer theory and the role of literature in society *Athenaeum and London Literary Chronicle* ,1858
