The Canadian Experience of the Great War Brian Douglas Tennyson,2013-05 Although the United States did not enter the First World War until April 1917 Canada enlisted the moment Great Britain engaged in the conflict in August 1914 The Canadian contribution was great as more than 600 000 men and women served in the war effort 400 000 of them overseas out of a population of 8 million More than 150 000 were wounded and nearly 67 000 gave their lives The war was a pivotal turning point in the history of the modern world and its mindless slaughter shattered a generation and destroyed seemingly secure values The literature that the First World War generated and continues to generate so many years later is enormous and addresses a multitude of cultural and social matters in the history of Canada and the war itself Although many scholars have brilliantly analyzed the literature of the war little has been done to catalog the writings of ordinary participants men and women who served in the war and wrote about it but are not included among well known poets novelists and memoirists Indeed we don t even know how many titles these people published nor do we know how many more titles were added later by relatives who considered the recollections or collected letters worthy of publication Brian Douglas Tennyson s *The Canadian Experience of the Great War A Guide to Memoirs* is the first attempt to identify all of the published accounts of First World War experiences by Canadian veterans **The Viking King's Golden Treasure** Sven Rosborn,2021-06-13 A newly discovered material rewrites early Danish Viking history In 2014 a 11 year old girl Maja Sielski and her younger sister Julia made a sensational discovery among their deceased grandmother s belongings They found a small golden plate with a Latin script telling a story of the legendary Viking king Harald Bluetooth It soon turned out that the golden plate was once placed in the king s tomb and this tomb contained world s

largest known golden treasure of Viking era A transcript of a previously completely unknown chronicle Gesta Wulinensis ecclesiae pontificum from the 990s has also been found The manuscript was written by the king s own priest Avico probably in an attempt to canonize the king after his death in year 985 Avico has been in the service of the king since the 950s His extensive account gives a remarkable and dramatic picture of the Viking age Scandinavia during the 10th century Here is a story of the struggle for power and the foundation of the future dynasties in Denmark Sweden and Norway as well as Viking raids in Ireland and England The account also tells of the founding of the legendary Viking fortress of Jomsborg and the fortress s powerful mercenaries The book describes in detail these unique facts but it also gives an overall picture of the Viking Age era for those who are not familiar with the subject The Curmsun Disc The Curmsun Disc is a concave gold disc of a weight of 25 23 grams 0 890 oz and a diameter of 4 5 centimetres 1 8 in The Danish Viking king Harald Bluetooth and the name of the stronghold of Jomsborg is mentioned in the latin inscription on the disc The disc was reportedly found as part of a Viking Age hoard discovered in 1841 in the cellar crypt of the ruined chapel at Gro Weckow village in Pomerania This location is just east of the bank of the river Dievenow and near the place where the semi legendary Viking stronghold of Jomsborg stood between the 960 s and 1043 According to the author the entrance to the crypt was accidentally discovered by a 12 year old Heinrich Boldt actor Ben Affleck s said to be maternal great great grandfather who was playing with some younger children at a construction site near the ruined chapel
