## **The Angry Buddhist:**

**The Angry Buddhist** Seth Greenland, 2012-04-24 From the author of *I Regret Everything* comes this great novel. It's satirical, it's political, it's sexual. All the things that I love dearly. Larry David, creator of *Curb Your Enthusiasm* and *Seinfeld*. Seth Greenland's timely novel is a smart and darkly amusing dissection of the American political establishment in all its sordid glory. Set in the hardscrabble California desert community of Desert Hot Springs and the manicured enclave of Palm Springs, the novel lives at the intersection of the political disarray of today. In this sun-blasted territory with its equally arid culture, a fiercely contested congressional election is in progress. The wily incumbent Randall Duke is unburdened by ethical considerations, and his opponent Mary Swain is a sexy and well-financed newcomer who does not have a firm grip on American history or elemental economics. As election day nears, the exploitable backgrounds of these two candidates are teased out by the desire to one-up each other. The campaign gets carried away when the personal escapades of friends and family spill over into the election, including lesbian love triangles and sudden spiritual enlightenment. A wild entertainment as well as a novel about the way we live now that dares to dance with the profound. *Los Angeles Times*. **The Angry Buddhist** approaches all its characters with reliable misanthropy; not for nothing does Larry David provide this book's most visible blurb. And its story unfolds with dexterous ease. A fine high-end beach read for this election season. *The New York Times Book Review*. A novel about three brothers. **The Angry Buddhist** is a steamy mix of murder, matching manga, kitten tattoos, and a fierce congressional election. *Lion's Roar*. **Be Angry** Dalai Lama, 2019-03-01 Simple and accessible wisdom from His Holiness the Dalai Lama on how to use compassionate anger for social transformation. In the real world, exploitation exists. In the real world, there is a huge and unjust gap between rich and poor. The question from a Buddhist perspective is how should we deal with inequality and social injustice? His Holiness the Dalai Lama teaches that it is wrong for a spiritual person to remain indifferent; we must struggle to solve these problems. These problems are brought to our consciousness because they anger us, and this little book teaches us how to deal with that anger. There are two types of anger. One type arises out of compassion and is useful and must be encouraged. The other type arises out of jealousy and envy and results in hatred, ill will, and harm. Here you will learn the Buddhist path to compassionate anger, a motivating force that can transform the negative into the positive and change the world. *The Cow in the Parking Lot* Leonard Scheff, Susan Edmiston, 2010-01-01 Uses simple Buddhist principles in an easily understandable way; this book may help readers replace the anger in their lives with a newfound contentment. *Be the Refuge* Chenxing Han, 2021-01-26 A must-read for modern sanghas. Asian American Buddhists in their own words, on their own terms. Despite the fact that two-thirds of U.S. Buddhists identify as Asian American, mainstream perceptions about what it means to be Buddhist in America often whitewash and invisibilize the diverse, inclusive, and intersectional communities that lie at the heart of American Buddhism. *Be the Refuge* is both critique and celebration, calling out the erasure of Asian American Buddhists while uplifting the complexity and nuance of their authentic stories and

vital thriving communities Drawn from in depth interviews with a pan ethnic pan Buddhist group *Be the Refuge* is the first book to center young Asian American Buddhists own voices With insights from multi generational second generation convert and socially engaged Asian American Buddhists *Be the Refuge* includes the stories of trailblazers bridge builders integrators and refuge makers who hail from a wide range of cultural and religious backgrounds Championing nuanced representation over stale stereotypes Han and the 89 interviewees in *Be the Refuge* push back against false narratives like the Oriental monk the superstitious immigrant and the banana Buddhist typecasting that collapses the multivocality of Asian American Buddhists into tired essentialized tropes Encouraging frank conversations about race representation and inclusivity among Buddhists of all backgrounds *Be the Refuge* embodies the spirit of interconnection that glows at the heart of American Buddhism
