Am I the Only One Crazy? Myron Lee, 2014-07-29 The desire to write this book was at first born out of frustration of yet another failed relationship In the midst of this frustration I attempted to explain what I felt love really was to someone who I thought at that moment to not have a clue From this relationship I began to explore my mind and remember how love first found me From there this book was born In no way am I professing to be an authority on love or relationships I have no degrees or licenses which can validate it I am only sharing my most intimate experiences allowing you to be there and hopefully feel what I felt and see through my eyes my life as it existed in those moments To say that I'm a hopeless romantic is a very accurate description of a huge part of me I believe in the truth of love because love is responsible for our very existence If not for our father in heaven none of us would exist My hope is that you will be inspired by my story and that you will avoid many of the situations I encountered by cherishing yourself and the essence of love If you do this then I will have accomplished my goal May love live on in you
