The Promise of Failure John McNally, 2018-06-15 *The Promise of Failure* is part memoir of the writing life part advice book and part craft book sometimes

funny sometimes wrenching but always honest McNally uses his own life as a blueprint for the writer's daily struggles as well as the existential ones tackling subjects such as when to quit and when to keep going how to deal with depression what risking something of yourself means and ways to reenergize your writing through reinvention What McNally illuminates is how rejection in its best light is another element of craft a necessary stage to move the writer from one project to the next and that it's best to see rejection and failure on a life long continuum so that you can see the interconnectedness between failure and success rather than focusing on failure as a measure of self worth As brutally candid as McNally can sometimes be *The Promise of Failure* is ultimately an inspiring book never in a Pollyannaish self help way McNally approaches the reader as a sympathetic companion with cautionary tales to tell Written by an author who has as many unpublished books under his belt as published ones *The Promise of Failure* is as much for the newcomer as it is for the established writer

Aguirre, Robert Buffington, 2001-02-01 The only reader currently available on criminality in Latin America *Reconstructing Criminality in Latin America* reconstructs the way in which different Latin American societies have viewed described defined and reacted to criminal behavior Crime in Latin America is explored in terms of gender race class and criminological theory The highly readable essays in this book explore how Catholic notions of sin natural law the divine rights

of absolutist monarchs liberal rights of man positivism and social Darwinism received a sympathetic even enthusiastic endorsement from policy makers throughout Latin America Reconstructing Criminality in Latin America also shows how new methodologies have given scholars deeper insight into the significance of crime in Latin American societies The selections testify that the insights of scholars like Eric Hobsbawm and Michel Foucault are the foundations of modern histories of crime in Latin America This book is ideal for criminal justice sociology and Latin American social history courses The Oxford Handbook of Ethics at the End of Life Stuart J. Keller, 2017 John Keller presents a set of new essays on ontology time freedom God and philosophical method Our understanding of these subjects has been greatly advanced since the 1970s by the work of Peter van Inwagen In this volume leading philosophers engage with his work and van Inwagen himself offers selective responses **Parents' Magazine**, 1929 *Macmillan's Magazine*, 1881 *If You Can't Trust Your Mother, Whom Can You Trust?* Leonard Shengold, 2018-05-01 The main theme of this book concerns the continuing psychic centrality of parents for their children Several chapters examine an author and his works outlining that author's relationships with parents good and bad and making descriptive comments about these based both on information gleaned from the author's life and writings as well as from observations found in autobiographies biographies and critical works Since these studies in part concern stories of child abuse and deprivation the book predominantly illustrates bad parenting that seems to have contributed to the child's psychopathology Yet in most cases there has also been an evocation by the trauma and deprivation of adaptive and even creative reactions this positive effect also of course largely attributable to concomitant good parenting and yet there are some cases where little of this seems to have existed and yet the children still turn out to be able to make something of themselves The conditions that make for psychic health in a traumatized childhood are mysterious and can't always be accounted for *The Last Train* Trevor Nevett, 2012-04-01 The idea for this story came to me in Trinidad For the last twenty years I have been going back to the island every Christmas Most of the children know me as Santa for I give out toys and sweets at parties The look on some of the children's faces brings tears to my eyes and this has really touched me After the festive season is over I then become the Englishman since I've done a quite few performances in the southern part of the island This is a ghost story about two young boys who met an old man on a train who happens to be a ghost In March of this year 2011 after Carnival I visited San Fernando on Harris Promenade Hill where the Train stands I stood looking at it and thought that I could tell some stories about it On my return as I slept the following night I dreamt about the train In my dream a young boy came up and stood looking at me and started asking questions Do you have lots of train in your country I told him I came from England He replied I know You're the white Santa His mom and dad also noticed me always in deep

thought while sitting on the bench I told them that I was writing a song about the train We live quite close to the house you are staying at We know most of the people in the village Lots of the people talked about the white man from England but only a few know your name That s how it started I wrote half the story in Trinidad and finished it on my return to England
