Out of Place? Peter van der Graaf,2025-10-01 In transforming deprived areas into great places to live much attention has been given to the physical social and economical aspects of deprivation However little is known about the relationship between deprivation and emotional ties What makes residents in deprived areas feel at home in their neighbourhood In this PhD thesis Peter van der Graaf focused on the emotional ties of residents to their neighbourhood and researched how these ties are affected by urban renewal He also compares practices between the Netherlands and the United Kingdom where the emotions of residents are considered more in urban renewal
