The Aids Generation Stories Of Survival And Resilience:

The AIDS Generation Perry N. Halkitis, 2014 The AIDS Generation documents the lived experiences of HIV positive gay men who are presently middle aged long term survivors of HIV AIDS Through the use of ethnography and life history interviews the book delineates the resiliencies that these fifteen long term survivors have demonstrated in coping with a life threatening disease throughout the course of their adult lives *The AIDS Generation* Perry N. Halkitis, 2014 The AIDS Generation Stories of Survival and Resilience takes readers on the real life journeys of gay men who were infected with HIV as young men and have survived to enter middle age The book examines the tumultuous life paths of these men and the strategies they used to survive the epidemic *The AIDS Generation* Perry N. Halkitis, Professor of Applied Psychology and Public Health (Steinhardt School) and Population Health (Langone School of Medicine) Director of the Center for Health Identity Behavior & Prevention Studies and Associate Dean Perry N Halkitis, 2013-01-01 **RecordCovid19** Kristopher Lovell, 2023-08-21 RecordCovid19 Historicizing Experiences of the Pandemic provides insights into the experience of the Covid19 pandemic from an historical and sociological perspective Using the first hand testimonies submitted as part of the RecordCovid19 project as its inspiration the chapters in this edited collection explore and contextualise the initial responses to the Covid19 pandemic The collection examines people s relationships with Covid19 as an historical event including their own experiences of living through history their relationship with their surroundings including their relationships with family the soundscapes and the emotional environments of a pandemic world the impact and tone of political rhetoric including the use and misuse of wartime myths and language in the United Kingdom and finally what lessons can be learnt from how people discuss their own personal stories and what lessons can we draw from previous examples of storytelling in moments of crisis The result is a fascinating and rich discussion derived from an archive full of idiosyncratic experiences of life changing during the Covid19 pandemic [The Corona Generation](#) Jennie Bristow, Emma Gilland, 2020-11-27 One of the UK s leading sociologists of generation uses both her scholarship and her ability to write beautifully to give meaning to the experience of Spring and Summer 2020 Professor Ellie Lee Director of the Centre for Parenting Culture Studies University of Kent It is already clear that the COVID 19 crisis will have huge social and economic implications The Corona Generation considers its effect on the generation currently coming of age the demographic currently known as Generation Z A generation that was already considered to be teetering on the brink of an uncertain political economic and environmental future now finds itself entering an adulthood in which nothing can be taken for granted where continuous crisis management is already presented as the new normal [Aging Invisibly](#) , 2024-09-16 Statistical data suggest that many people with chronic health conditions pass away at much younger ages than their peers Yet large quantitative datasets that address aging with chronic illness often do not capture the diversity of people with chronic diseases and their experiences of growing older The assumptions built into many core data resources on aging often erase the journeys of people occupying

marginalized social locations Likewise these same assumptions can result in omission of people who survive for long amounts of time while managing conditions with relatively short median life expectancies These barriers to understanding diverse experiences of aging with chronic illness are endemic but not unique to quantitative research Qualitative data collection can indeed offer richer insight into both of these intersecting sets of aging experiences However even more in depth approaches to inquiry with smaller groups of people require asking questions that explicitly explore and affirm the diversity of identities and health statuses held by older adults A more constructive and impactful approach to capturing meaningful data on diverse experiences of aging with chronic disease is thus to focus on affirming study architecture rather than viewing one particular set of methods as a panacea for exclusion With this new edited volume the editors support the broader goal of expanding knowledge on diverse trajectories of aging with chronic health conditions Contributed chapters range from critical reviews to methods primers to empirical investigations The authors focus synergistically on amplifying the attributes and experiences of diverse social populations and on highlighting journeys of longevity with chronic disease Contributors are Nicholas B DiCarlo Angela Hunt Ian M Johnson Nat Jones Kristen D Krause Nik M Lampe Ginny Natale Audria LB Kirsten Ostergren Clark Manacy Pai Michele Wise Wright and Terry Gene Wright

The Unfinished Queer Agenda After Marriage Equality Angela Jones,Joseph DeFilippis,Michael Yarbrough,2018-04-17 While legal recognition of marriage has met the needs of a segment of the LGBTQ population many still face daily struggles with issues around housing education healthcare policing and incarceration and immigration These are issues that were largely eclipsed in national arenas by the fight for marriage equality In reaction to this The Unfinished Queer Agenda After Marriage Equality examines the institutional failings and overlapping systems of injustice that continue to dehumanize queer and trans people and deprive them of basic human rights Building on a major conference held in 2016 entitled After Marriage The Future of LGBTQ Politics and Scholarship the editors have collected academic papers edited transcripts of selected conference sessions and interviews with activists Drawing from this source material the book argues that any queer agenda should be informed by an understanding that the issues facing queer and trans people come from the combined influence of neo liberal capitalism global white supremacy and heterosexism The authors argue that these modes of oppression continue to be especially damaging for poor people undocumented people people of color non binary trans and queer people By taking an in depth look at the myriad social issues that continue to affect LGBTQ communities and by exposing systemic prejudices and inequality as the root cause this title is an important intervention for students and researchers engaged with queer and trans activism beyond the fight for marriage equality

After Francesco Brian Malloy,2021-05-25 Like Rebecca Makkai s The Great Believers author activist Malloy s newest novel is a heartrending portrayal of the realities of healing Oprah Daily Best LGBTQ Books of 2021

Acclaimed author Brian Malloy brings insight humor and the authenticity of his own experiences as a member of the AIDS generation to this universal story of love and loss set in New York City and Minneapolis at the peak of the AIDS crisis Published on the 40th anniversary of the disease s first reported cases *After Francesco* is both a tribute to a generation lost to the pandemic as well as a powerful and universal exploration of heartbreak recovery and how love can defy grief A BookBub Book to Read for Pride Month The year is 1988 and 28 year old Kevin Doyle is bone tired of attending funerals It s been two years since his partner Francesco died from AIDS an epidemic ravaging New York City and going largely ignored by the government leaving those effected to suffer in silence feeling unjustifiable shame and guilt on top of their loss Some people might insist that Francesco and the other friends he s lost to the disease are in a better place but Kevin definitely isn t Half alive he spends his days at a mind numbing job and nights with the ghost of Francesco drunk and drowning in memories of a man who was too young to die When Kevin hits an all time low he realizes it s time to move back home to Minnesota and figure out how to start living again without Francesco With the help of a surviving partners support group and friends both old and new Kevin slowly starts to do just that But an unthinkable family betrayal and the news that his best friend is fighting for his life in New York will force a reckoning and a defining choice This novel is fresh well observed often funny sometimes angry and always real I can t think of another novel about the AIDS years that captures that difficult messy intense age more accurately or movingly Christopher Bram author of *Eminent Outlaws The Gay Writers Who Changed America* In this highly recommended novel the pain and rage felt by Kevin and those in the trenches with him is palpable and uncomfortable and real So too is the love and warmth of spirit they manage to nurture in order to survive Library Journal Starred Review
