Crump,2019-04-18 Since the early 20th century animated Christmas cartoons have brightened the holiday season around the world first in theaters then on television From devotional portrayals of the Nativity to Santa battling villains and monsters this encyclopedia catalogs more than 1 800 international Christmas themed cartoons and others with year end themes of Hanukkah Kwanzaa and the New Year Explore beloved television specials such as A Charlie Brown Christmas theatrical shorts such as Santa s Workshop holiday episodes from animated television series like American Dad and The Simpsons feature films like The Nutcracker Prince and obscure productions such as The Insects Christmas along with numerous adaptations and parodies of such classics as A Christmas Carol and Twas the Night before Christmas Justice in Young Adult Speculative Fiction Marek C. Oziwicz,2015-04-17 This book is the first to offer a justice focused cognitive reading of

modern YA speculative fiction in its narrative and filmic forms It links the expansion of YA speculative fiction in the 20th century with the emergence of human and civil rights movements with the communitarian revolution in conceptualizations of justice and with spectacular advances in cognitive sciences as applied to the examination of narrative fiction Oziwicz argues that complex ideas such as justice are processed by the human mind as cognitive scripts that scripts when narrated take the form of multiply indexable stories and that YA speculative fiction is currently the largest conceptual testing ground in the forging of justice consciousness for the 21st century world Drawing on recent research in the cognitive and evolutionary sciences Oziwicz explains how poetic retributive restorative environmental social and global types of justice have been represented in narrative fiction from 19th century folk and fairy tales through 21st century fantasy dystopia and science fiction Suggesting that the appeal of these and other nonmimetic genres is largely predicated on the dream of justice Oziwicz theorizes new justice scripts as conceptual tools essential to help humanity survive the qualitative leap toward an environmentally conscious culturally diversified global world This book is an important contribution to studies of children s and YA speculative fiction adding a new perspective to discussions about the educational as well as social potential of nonmimetic genres It demonstrates that the justice imperative is very much alive in YA speculative fiction creating new visions of justice relevant to contemporary challenges
