The Awkward Fatwa:

The Coming Storm Paul Russell, 2000-09-09 Lambda Literary Award Finalist Winner of the Ferro Grumley Award Set against the backdrop of a traditional boys school in upstate New York *The Coming Storm* is a delicately and brilliantly rendered tale that reveals the most closely held secrets of the human heart Russell's award winning novel is the story of four interlocking lives Louis Tremper the headmaster at the Forge School his wife Claire Tracey Parker a 25 year old gay man and recently hired teacher at the Forge School and Noah Lathrop III a troubled student all of whom struggle with their own inner demons desires and conflicted loyalties When Tracey and Noah become involved in an illicit relationship dark incidents from the school's past begin colliding with the current growing confusion that all of them must face Compelling and poignant this is the finest work yet from one of the best contemporary American novelists Stonewall Inn Editions **The Legal Thought of Jalāl al-Dīn al-Suyūṭī** Rebecca Hernandez, 2017-09-29 This book offers a new theoretical perspective on the thought of the great fifteenth century Egyptian polymath Jalal al Din al Suyuti d 1505 In spite of the enormous popularity that al Suyuti's works continue to enjoy amongst scholars and students in the Muslim world he remains underappreciated by western academia This project contributes to the fields of Mamluk Studies Islamic Studies and Middle Eastern Studies not only an interdisciplinary analysis of al Suyuti's legal writing within its historical context but also a reflection on the legacy of the medieval jurist to modern debates The study highlights the discursive strategies that the jurist uses to construct his own authority and frame his identity as a superior legal scholar during a key transitional moment in Islamic history The approach aims for a balance between detailed textual analysis and big picture questions of how legal identity and religious authority are constructed negotiated and maintained Al Suyuti's struggle for authority as one of a select group of trained experts vested with the moral responsibility of interpreting God's law in society finds echoes in contemporary debates particularly in his native land of Egypt At a time when increasing numbers of people in the Arab world have raised their voices to demand democratic forms of government that nevertheless stay true to the principles of Shari'a the issue of who has the ultimate authority to interpret the sources of law to set legal norms and to represent the voice of Shari'a principles in society is still in dispute **AlterNatives** Ranu Samantrai, 2002 This is the history of the black British women's movement of the 1980s comprising women of African Caribbean and South Asian origin and its place in postwar British politics racism and feminism **Islam and Democracy in Indonesia** Jeremy Menchik, 2016-01-11 This book explains how the leaders of the world's largest Islamic organizations understand tolerance explicating how politics works in a Muslim majority democracy **Writing British Muslims** Rehana Ahmed, 2024-06-04 The Rushdie affair September 11 2001 and 7/7 pushed British Muslims into the forefront of increasingly fraught debate about multiculturalism Stereotyping images have proliferated reducing a heterogeneous minority group to a series of media soundbites This book examines contemporary literary representations of Muslims by British writers of South Asian Muslim descent including Salman Rushdie Hanif Kureishi Monica Ali and Nadeem

Islam to explore the contribution they make to urgent questions about multicultural politics and the place of Muslims within Britain By focusing on class and its intersection with faith race and gender in identity and community formation it challenges the dichotomy of secular freedom versus religious oppression that constrains thinking about British Muslims and offers a more nuanced perspective on multicultural debates and controversies Writing British Muslims will appeal to academics and postgraduate and final year undergraduate students in the fields of postcolonial studies English studies and cultural studies

Elisabeth Kendall, Ewan Stein, 2015-06-04 The term jihad has come to be used as a byword for fanaticism and Islam s allegedly implacable hostility towards the West But like other religious and political concepts jihad has multiple resonances and associations its meaning shifting over time and from place to place Jihad has referred to movements of internal reform spiritual struggle and self defence as much as to holy war And among Muslim intellectuals the meaning and significance of jihad remain subject to debate and controversy With this in mind Twenty First Century Jihad examines the ways in which the concept of jihad has changed from its roots in the Qur an to its usage in current debate This book explores familiar modern political angles and touches on far less commonly analysed instances of jihad incorporating issues of law society literature and military action As this key concept is ever more important for international politics and security studies Twenty First Century Jihad contains vital analysis for those researching the role of religion in the modern world *Cases in International Relations* Glenn Hastedt, Donna L.
