

## ECOLOGY VOCABULARY REVIEW:

Write your response on a separate sheet of paper in **COMPLETE GRAMMATICALLY CORRECT SENTENCES**.

Read the passage below. Then answer the questions that follow.

The place where a particular population of a species lives is its habitat. The many different species that live together in a habitat are called a community. An ecosystem, or ecological system, consists of a community and all the physical aspects of its habitat, such as the soil, water, and weather. The physical aspects of a habitat are called abiotic factors, and the living organisms in a habitat are called biotic factors. The number of species living within an ecosystem is a measure of its biodiversity. Succession is the process of the replacement of one kind of community by another at a single place over a period of time.

*Vocabulary Learning in the Wild* Barry Lee Reynolds, 2023-05-11 This book provides a timely and valuable resource to explore second language vocabulary learning outside the formal language learning classroom. Rapidly evolving technology and the increasing impact of the global village have resulted in dramatic changes to and increased occasions for second language vocabulary learning. This book offers new and valuable insights into the radically different opportunities both the physical and digital wild provide for language learners to increase their vocabulary knowledge. Practical advice is also given on how second language teachers can integrate vocabulary learning in the wild into their formal classroom instruction. This collection of cutting edge studies by international experts working within the fields of second language teaching and learning, second language acquisition, applied linguistics, informal language learning, and technology enhanced learning offers an essential resource for language teachers and researchers. The internet is a powerful source of incidental language learning, but this is only part of language learning in the wild. This excellent book shows the range of opportunities available for learning another language outside the classroom in this much neglected research area. Paul Nation, Emeritus Professor, Victoria University of Wellington.
