The book was prepared by the academics and doctoral students of the Faculty of International Business and Economics of the Pozna University of Economics and Business to celebrate the 90th anniversary of the University and the 10th anniversary of the Faculty itself. The subject of this Volume reflects the variety of issues that are researched by academics from all departments of the Faculty. The rationale for publishing this Volume was to signal current work and research progress in the area of international economics business and management. As the title of the Volume suggests we need to anticipate changes and implement a new approach to face the challenges in the world economy for it is transforming in an unprecedented way now at a fast pace and the global economic map is constantly redrawing. Papers published in this Volume are written by individual authors and workgroups. They are results of research conducted in departments and have been assigned to eight chapters discussing crucial aspects of the world economy. The deliberations are held on a micro and macroeconomic level in both theoretical and empirical terms. We hope that the contents of individual papers will inspire both readers and authors themselves to make further studies to carry out follow up research to network with one another in order to find answers to the most important problems of the world economy and international business.
