Parnell, 2024-12-05 Introduction to Public Relations Strategic Digital and Socially Responsible Communication presents a comprehensive introduction to the field of public relations examining its current practices and future directions In response to the dynamic shifts in technology business and culture authors Janis T Page and Lawrence J Parnell illustrate how today s PR professionals craft persuasive

messages using modern technologies while working in line with the industry's foundations. The text skillfully balances this approach by delving into communication theory, history, processes and practices, demonstrating how these elements can be integrated into strategic public relations planning. Page and Parnell guide students toward becoming socially responsible communicators where fostering trust and respect with diverse communities is valued over creating the next viral campaign. The Third Edition responds to the rising focus on social responsibility, sustainability, CEO and investor activism, and consumer demand for ethical brands and addresses these changes with updated content including new features, recent examples, case studies, and chapter opening scenarios.

The Complete Book of Volkswagen GTI Russell Hayes, 2025-10-28. Take a visually thrilling joy ride through the complete history and influence of one of the most enduring and pleasurable consumer-focused sports cars of all time. VW has sold over 2.5 million Golf GTIs across eight generations since its debut in 1975 as a 1976 model, and the car remains popular with both seasoned and newer collectors, including Gen X and Millennial enthusiasts. Celebrating 50 years of continuous production, *The Complete Book of Volkswagen GTI* is the ultimate resource for the sportier side of VW enthusiasts and racing fans. This comprehensive book features a look back at the GTI's rich racing history, including World Rally Touring Car and other categories. Details on other performance models like the Scirocco, Corrado, Golf R32, Jetta GLI, and more. Fresh insights, interviews, and more. Lavishly illustrated pages. *The Complete Book of Volkswagen GTI* will delight and inspire any classic racing fan and VW enthusiast in your life.

The Green Book Duncan Brack, 2013-03-08. Leading Liberal Democrats and policy experts re-examine their political approach and propose a radical new direction for the party, setting the agenda for the next election and beyond. *The Green Book* cogently argues that a low-carbon economy and environmental investments are the best way to escape from sluggish growth, create new jobs, and share prosperity. It is a clarion call for Liberal Democrats to treat the environmental crisis as a core challenge of economic policy, not a discrete problem. Policies that protect and enhance the natural world on which our economy and society ultimately depend for our health, well-being, and prosperity should be the driving force behind the party's programme. Furthermore, green policies can provide a vital, clear, and popular distinction between Liberal Democrats and Conservatives at the next election. *The Green Book* offers a challenge to current Liberal Democrat thinking and stimulating reading to anyone who cares about the environment and the future of the British economy.
