The Hidden History of New Women in Serbian Culture Svetlana Tomic, 2022-02-10 Settled in the nineteenth century a period of national liberation this book presents facts about the contribution of women to Serbian culture The story is however of an equal contemporary as well as of historical relevance work of these authors remained hidden as they were neither adequately evaluated in school curriculums and textbooks nor recognized by the general public Does the absence from textbooks and literary histories imply their literature is not worth reading Or that the histories of literature are simply biased and inadequate The answers to these questions are elaborated in this book The author carefully investigates the strategies of historians and official politics of remembrance arguing that the link between women s education and emancipation of the society has yet to be properly explained The reader whether a student researcher social scientist or an intellectual interested in the history social development literature or politics of Serbia or the Balkan in general will benefit from the numerous original sources consulted This book is a reminder that understanding society means uncovering the hidden and giving voice to the ignored providing evidence that contradicts dominant theories rather than simply repeating what we are told

Lives in Transition Slobodan Randjelovic, 2018-10-30 Part of the ongoing series of photobooks published with the Arcus Foundation and Emerson Wajdowicz Studios on queer communities around the world a stunning portrait of a community battling homophobia in Serbia In June 2001 Serbia witnessed its first gay pride parade in history in Belgrade s central square It was a short lived march as an ultranationalist mob quickly descended on the participants chanting homophobic slurs and injuring dozens For years afterward fear of violence prevented further marches and when in October 2010 the next pride

march finally went ahead it again devolved into violence as anti gay rioters firing shots and hurling petrol bombs fought the police It was only in 2014 that a pride march was held uninterrupted albeit under heavy police protection In Lives in Transition photographer Slobodan Randjelovic captures the struggles and successes of twenty LGBTQ people living throughout Serbia a conservative religious country where despite semi progressive LGBTQ protection laws homophobia fueled by religious authorities and right wing political parties remains deeply entrenched In a country where lack of employment opportunity and hostile families frequently drive queer people into poverty and isolation these individuals have struggled to build a community that will offer solace protection and even joy Lives in Transition portrays remarkable and inspiring resilience in the human struggle against a repressive social environment and demonstrates how friendship and community can help people shape their own futures Lives in Transition was designed by Emerson Wajdowicz Studios EWS
