## **Zulu 2013 Memo Paper 2 South Africa:**

**The People's Zion** Joel Cabrita, 2018-06-11 Joel Cabrita tells the story of Zionism which began in a utopian community near Chicago in 1900. Its faith healing spiritualism uplifting pan racialism and missionary zeal resonated with marginalized urban working class whites and blacks in both the United States and Southern Africa. Today Zionism is Southern Africa's largest religious movement. *The Changing Face of Land and Conservation in Post-colonial Africa* George Barrett, Shirley Brooks, Jenny Josefsson, Nqobile Zulu, 2016-03-22 The year 2013 marked the 100th anniversary of the 1913 Land Act in South Africa which legalised the violent dispossession and alienation of the African majority from the land. It is common cause that the alienation of land for conservation purposes introduced to Africa under colonial rule has continued more or less uninterrupted until today. However while nature conservation practices inevitably raise challenging questions relating to land and land use there has thus far been little concentrated effort to bring together scholars working on the land question particularly around issues of land tenure with those whose work focuses on questions of nature construction and the social impacts of conservation in an African context. Compiled from research presented at a ground breaking interdisciplinary conference held at Rhodes University in Grahamstown South Africa in 2012 the chapters in this book made their first appearance in a special issue of the Journal of Contemporary African Studies JCAS in July 2013. The book brings critical interdisciplinary analyses of the complex interrelations between contemporary neoliberal conservation practices in post colonial Africa into conversation with the well trodden territory of land use and contested land issues on the continent. Anchored by an intellectual curiosity about the extent to which past practices continue into the present and with what consequences the book provides fresh insights into the complex relationship between land and conservation in contemporary Africa. **A Prophet of the People** Lauren V. Jarvis, 2024-03-01 In 1910 Isaiah Shembe was struggling. He had left his family and quit his job as a sanitation worker to become a Baptist evangelist but he ended his first mission without much to show. Little did he know that he would soon establish the Nazareth Church as he began to attract attention from people left behind by industrial capitalism in South Africa. By his death in 1935 Shembe was an internationally known prophet and healer described by his peers as better off than all the Black people. In *A Prophet of the People* Isaiah Shembe and the Making of a South African Church historian Lauren V. Jarvis provides a fascinating and intimate portrait of one of South Africa's most famous religious figures and in turn the making of modern South Africa. Following Shembe from his birth in the 1860s across many environments and contexts Jarvis illuminates the tight links between the spread of Christianity strategies of evasion and the capacious forms of community that continue to shape South Africa today. **Segregation and Apartheid in Twentieth Century South Africa** William Beinart, Saul Dubow, 2013-04-15 Beinart and Dubow's selection of some of the most important essays on racial segregation and apartheid in South Africa provides an unparalleled introduction to this contentious and absorbing subject. Incorporates the 1994 election. Enabling legal frameworks for sustainable land use
