A Guide to Business Statistics David M. McEvoy, 2018-03-15. An accessible text that explains fundamental concepts in business statistics that are often obscured by formulae and mathematical notation. *A Guide to Business Statistics* offers a practical approach to statistics that covers the fundamental concepts in business and economics. The book maintains the level of rigor of a more conventional textbook in business statistics but uses a more streamlined and intuitive approach. In short, *A Guide to Business Statistics* provides clarity to the typical statistics textbook cluttered with notation and formulae. The author, an expert in the field, offers concise and straightforward explanations to the core principles and techniques in business statistics. The concepts are introduced through examples, and the text is designed to be accessible to readers with a variety of backgrounds. To enhance learning, most of the mathematical formulae and notation appears in technical appendices at the end of each chapter. This important resource offers a comprehensive guide to understanding business statistics, targeting business and economics students and professionals. Introduces the concepts and techniques through concise and intuitive examples. Focuses on understanding by moving distracting formulae and mathematical notation to appendices. Offers intuition, insights, humor, and practical advice for students of business statistics. Features coverage of sampling techniques, descriptive statistics, probability, sampling distributions, confidence intervals, hypothesis tests, and regression. Written for undergraduate business students, business and economics majors, teachers, and practitioners. *A Guide to Business Statistics* offers an accessible guide to the key concepts and fundamental principles in statistics.

Saving Higher Education Martin J. Bradley, Robert H. Seidman, Steven R. Painchaud, 2012. Provides administrators a blueprint for creating sustaining and growing a 3-year bachelors degree program at higher education institutions of all types and sizes.

Improving Quality in American Higher Education Richard Arum, Josipa Roksa, Amanda Cook, 2016-05-02. An ambitious comprehensive reimagining of 21st-century higher education. *Improving Quality in American Higher Education* outlines the fundamental concepts and competencies society demands from today's college graduates and provides a vision of the future for students, faculty, and administrators. Based on a national multidisciplinary effort to define and measure learning outcomes, the Measuring College Learning project, this book identifies essential concepts and competencies for six disciplines. These essential concepts and competencies represent efforts towards articulating a consensus among faculty in biology, business, communication, economics, history, and sociology disciplines that account for nearly 40 percent of undergraduate majors in the United States. Contributions from thought leaders in higher education, including Ira Katznelson, George Kuh, and Carol Geary Schneider, offer expert perspectives and persuasive arguments for the need for greater clarity, intentionality, and quality in U.S. higher education. College faculty are our best resource for improving the quality of undergraduate education.

This book offers a path forward based on faculty perspectives nationwide Clarify program structure and aims Articulate high quality learning goals Rigorously measure student progress Prioritize higher order competencies and disciplinarily grounded conceptual understandings A culmination of over two years of efforts by faculty and association leaders from six disciplines this book distills the national conversation into a delineated set of fundamental ideas and practices and advocates for the development and use of rigorous assessment tools that are valued by faculty students and society Improving Quality in American Higher Education brings faculty voices to the fore of the conversation and offers an insightful look at the state of higher education and a realistic strategy for better serving our students *Handbook of Teaching with Technology in Management, Leadership, and Business* Stuart Allen, Kim Gower, Danielle K.
