Rawson, 2016-10-31 This important book is a call to action for the library community to address the literacy and life outcome gaps impacting African American youth. It provides strategies that enable school and public librarians to transform their services, programs, and collections to be more responsive to the literacy strengths, experiences, and needs of African American youth. According to the National Assessment of Educational Progress (NEAP), only 18 percent of African American fourth graders and 17 percent of African American eighth graders performed at or above proficiency in reading in 2013. This book draws on research from various academic fields to explore the issues surrounding African American literacy and to aid in developing culturally responsive school and library programs with the goal of helping to close the achievement gap and improve the quality of life for African American youth. The book merges the work of its three authors along with the findings of other researchers and practitioners, highlighting exemplary programs such as the award-winning Pearl Bailey Library Program, the Maker Jawn initiative at the Free Library of Philadelphia, and the Blue Ribbon Mentor Advocate writing institute in the Chapel Hill-Carrboro City Schools, among others. Readers will understand how these culturally responsive programs put theory and research-based best practices into local action and see how to adapt them to meet the needs of their communities.

Literature for Young Adults Joan L. Knickerbocker, 2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives, and the books discussed throughout *Literature for Young Adults* have the potential to make that connection and motivate them to read. It explores a great variety of works, genres, and formats, but it places special emphasis on contemporary works whose nontraditional themes, protagonists, and literary conventions make them well suited to young adult readers. It also looks at the ways in which contemporary readers access and share the works they are reading, and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs. In addition to traditional genre chapters, *Literature for Young Adults* includes chapters on literary nonfiction, poetry, short stories, and drama, cover art, picture books, illustrated literature, and graphic novels and film. It recognizes that while films can be used to complement print literature, they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with. The book's discussion of literary language, including traditional elements as well as metafictional terms, enables readers to share in a literary conversation with their students and others when communicating about books. It will help readers teach young adults the language they need to articulate their responses to the books they are reading.
