# Zimsec History Paper 1 November 2014

**Emmanuel Ndhlovu**

## **Zimsec History Paper 1 November 2014:**

**Labour and Economic Change in Southern Africa c.1900-2000** Rory Pilosof, Andrew Cohen, 2021-06-03 This book explores the social and economic development of Zimbabwe Zambia and Malawi over the course of the twentieth century These three countries have long shared and interconnected pasts All three were drawn into the British Empire at a similar time and the formation of the ill fated Federation of Rhodesia and Nyasaland formally linked these countries together for a decade in the mid twentieth century This formal political relationship created dynamics that resulted in yet closer economic and social links After Federation the economic realities of industry transport and labour supplies meant that these three countries continued to be intricately interconnected Yet despite these connected pasts comparative work on the economic histories of Malawi Zambia and Zimbabwe and how these change over time is rare This book addresses the gap by providing the first comprehensive collection of labour and census data across the twentieth century for these three countries The different economic models and performances of these states offer good comparison allowing researchers to look at different models of development and how these played out over the long term The book provides data on population growth and change industrial and occupational structure and the various shifts in what the economically active population did It will be useful for historians economists development studies scholars and non governmental organisations working on twentieth century and contemporary southern Africa

*Agriculture, Autonomous Development, and Prospects for Industrialization in Africa* Emmanuel Ndhlovu, 2025-03-06 The book investigates the intersection of agriculture and development in Africa and how it impacts rural industrialisation prospects It provides a comprehensive view of the position of agriculture in African socio economic activities and the agricultural sector s potential as the source for continental development and industrialisation prospects Significant research has been done on African development with a focus placed on the problematic role played by slavery colonialism and later by incompetent African leaders who failed to steer development of the type that delivers a progressive sustained and sustainable transformation of lives and societies There is limited focus on the possibility of agriculture being the potential basis of African development and the chance for industrialisation This is a matter of concern considering the dominance of agriculture as a livelihood and income source for many people on the continent In contributing to the debate on development in Africa this book aims to show how agriculture can serve as the basis for African development and industrialisation This will be achieved by i providing a detailed historical description of the position of agriculture in African socio economic activities ii outlining the trajectory of African development with a focus on agriculture innovation and mechanisation iii identifying challenges to the development of African agriculture iv exploring the opportunities for agricultural development in Africa and v providing practical and policy recommendations to improve African agriculture and make it the engine for development and industrialisation Utilising a multidisciplinary approach which combines political economy social policy financial inclusion and empowerment approaches the book also shows how

engagement of youth and women digitalisation and the provision of support by public and private actors can jump start agriculture as the engine of African development and industrialisation Taken together with this conscious effort to promote a multi disciplinary discussion the book is valuable reading for students policymakers and activists interested in emerging new directions in African development thinking and research

### **The Foundations and Traditions of Constitutional**

**Amendment** Richard Albert,Xenophon Contiades,Alkmene Fotiadou,2017-07-13 There is growing interest in constitutional amendment from a comparative perspective Comparative constitutional amendment is the study of how constitutions change through formal and informal means including alteration revision evolution interpretation replacement and revolution The field invites scholars to draw insights about constitutional change across borders and cultures to uncover the motivations behind constitutional change to theorise best practices and to identify the theoretical underpinnings of constitutional change This volume is designed to guide the emergence of comparative constitutional amendment as a distinct field of study in public law Much of the recent scholarship in the field has been written by the scholars assembled in this volume This book like the field it hopes to shape is not comparative alone it is also doctrinal historical and theoretical and therefore offers a multiplicity of perspectives on a subject about which much remains to be written This book aspires to be the first to address comprehensively the new dimensions of the study of constitutional amendment and will become a reference point for all scholars working on the subject The volume covers all of the topics where innovative work is being done such as the notion of the people the trend of empirical quantitative approaches to constitutional change unamendability sunrise clauses constitutional referenda the conventional divide between constituent and constituted powers among other important subjects It creates a dialogue that cuts through these innovative conceptualisations and highlights scholarly disagreement and in so doing puts ideas to the test The volume therefore captures the fierce ongoing debates on the relevant topics it reveals the current trends and contested issues and it offers a variety of arguments elaborated by prominent experts in the field It will open the way for further dialogue

*Mugabeism?* Sabelo J. Ndlovu-Gatsheni,2015-12-26 What is distinctive about this book is its interdisciplinary approach towards deciphering the complex meanings of President Gabriel Mugabe of Zimbabwe making it possible to evaluate Mugabe from a historical political philosophical gender literal and decolonial perspectives It is concerned with capturing various meanings of Mugabeism

### **Nigeria** Richard Bourne,2015-10-15 If you want to

understand Nigeria s history in one succinct go this is a very good choice Noo Saro Wiwa Known as the African Giant Nigeria s story is complex and often contradictory How despite the ravages of colonialism civil war ongoing economic disappointment and most recently the Boko Haram insurgency has the country managed to stay together for a hundred years Why despite an abundance of oil mineral and agricultural wealth have so many of its people remained in poverty These are the key questions explored by Richard Bourne in this remarkable and wide ranging account of Nigeria s history from its creation in 1914 to the historic 2015 elections and beyond Featuring a wealth of original research and interviews this is an essential insight into the

shaping of a country where despite the seemingly dashed optimism that was raised at independence there still remains hope the Nigeria project may still succeed *Chinese Organizations in Sub-Saharan Africa* Terence Jackson, Lynette Louw, Dev K. Boojihawon, 2020-11-09 Trade between China and Africa is increasing year on year while the West increasingly debates the nature and implications of China's presence Yet little research exists at the organizational and community levels While western press reporting is overwhelmingly negative African governments mostly welcome the Chinese presence But what happens at the management level How are Chinese organizations run What are they bringing to communities What is their impact on the local job market How do they manage staff How are they working with local firms This book seeks to provide a theoretical framework for understanding Chinese organizations and management in Africa and to explore how their interventions are playing out at the organizational and community levels in sub-Saharan Africa Based on rigorous empirical research exploring emerging themes in specific African countries this book develops implications for management knowledge education and training provision and policy formulation Importantly it seeks to inform future scholarship on China's management impact in the world generally on Africa's future development and on international and cross-cultural management scholarship Primarily aimed at scholars of international management with an interest in China and or in China in Africa this important book will also be of great interest to those working in the area of development studies international politics and international relations **Joshua Mqabuko Nkomo of Zimbabwe** Sabelo J. Ndlovu-Gatsheni, 2017-08-17 This book is a pioneering study of Joshua Mqabuko Nkomo a Zimbabwean nationalist whose crucial role in the country's anti-colonial struggle has largely gone unrecognized These essays trace his early influence on Zimbabwean nationalism in the late 1950s and his leadership in the armed liberation movement and postcolonial national building processes as well as his denigration by the winners of the 1980 elections Mugabe's Zimbabwe African National Union Patriotic Front The Nkomo that emerges is complex and contested the embodiment of Zimbabwe's tortured trajectory from colony to independent postcolonial state This is an essential corrective to the standard history of twentieth-century Zimbabwe and an invaluable resource for scholars of African nationalist liberation movements and nation building *African Borders, Conflict, Regional and Continental Integration* Innocent Moyo, Christopher Changwe Nshimbi, 2019-04-25 This book looks at the ways African borders impact war and conflict as well as the ways continental integration could contribute towards cooperation peace and well-being in Africa African borders or borderlands can be a source of problems and opportunity There is often a historical geospatial and geopolitical architecture rooted in trajectories of war conflict and instability which could be transformed into those of peace regional and continental integration and development An example is the cross-border and regional response to the Boko Haram insurgency in West Africa This book engages with cross-border forms of cooperation and opportunity in Africa It considers initiatives and innovations which can be put in place or are already being employed on the ground within the current regional and continental integration projects Another important element is that of cross-border informality which

similarly provides a ready resource that if properly harnessed and regulated could unleash the development potential of African borders and borderlands Students and scholars within Geography International Relations and Border Studies will find this book useful It will also benefit civil society practitioners policymakers and activists in the NGO sector interested in issues such as migration social cohesion citizenship and local development

### **Morgan Richard Tsvangirai's Legacy**

Ngonidzashe Marongwe, 2022-03-11 Morgan Richard Tsvangirai is arguably the most polarising figure and advocate of democracy and human rights in the history of opposition politics in Zimbabwe He is as much a topic of debate in Zimbabwe and beyond as the late president Robert Gabriel Mugabe Tsvangirai's legacy like Mugabe's remains indisputably controversial and conflicted Broadly the divided opinion on the Tsvangirai legacy can be represented firstly by those who argue that Tsvangirai was the champion of democracy and the face of the struggle for human rights in Zimbabwe In this light Tsvangirai has been variously described as a selfless people's hero a colossus of the struggle for democracy the commander of the struggle a symbol of courage and resistance and the doyen of constitutionalism in Zimbabwe On the other hand critics have described Tsvangirai as a sell out a Judas Iscariot traitor and coward among other nefarious and pejorative characterisations Drawing on all these opinions and the various characterisations of Tsvangirai this book provides a comprehensive and multi disciplinary appraisal of a gigantic trade unionist and political figure who in his life and in death inspires different narratives emotions and values This book is therefore about a mortal but living figure who left an indelible mark on Zimbabwe Africa and the rest of the world in fields such as trade unionism governance and politics As such the book is handy for students and practitioners in African studies political science policy studies economics history global studies and development studies

### **Subtle Agroecologies**

Julia Wright, 2021-06-29 This book is about the invisible or subtle nature of food and farming and also about the nature of existence Everything that we know and do not know about the physical world has a subtle counterpart which has been scarcely considered in modernist farming practice and research If you think this book isn't for you if it appears more important to attend to the pressing physical challenges the world is facing before having the luxury of turning to such subtleties then think again For it could be precisely this worldview the one prioritises the physical material dimension of reality that helped get us into this situation in the first place Perhaps we need a different worldview to get us out This book makes a foundational contribution to the discipline of Subtle Agroecologies a nexus of indigenous epistemologies multidisciplinary advances in wave based and ethereal studies and the science of sustainable agriculture Not a farming system in itself Subtle Agroecologies superimposes a non material dimension upon existing materially based agroecological farming systems Bringing together 43 authors from 12 countries and five continents from the natural and social sciences as well as the arts and humanities this multi contributed book introduces the discipline explaining its relevance and potential contribution to the field of Agroecology Research into Subtle Agroecologies may be described as the systematic study of the nature of the invisible world as it relates to the practice of agriculture and to do this through

adapting and innovating with research methods in particular with those of a more embodied nature with the overall purpose of bringing and maintaining balance and harmony Such research is an open minded inquiry its grounding being the lived experiences of humans working on and with the land over several thousand years to the present By reclaiming and reinterpreting the perennial relationship between humans and nature the implications would revolutionise agriculture heralding a new wave of more sustainable farming techniques changing our whole relationship with nature to one of real collaboration rather than control and ultimately transforming ourselves

**The Struggle of Democratisation against Authoritarianism in Contemporary Africa** Kenneth Good,2020-05-07 This book discusses how the historical dimensions in Kenya Zimbabwe and South Africa are similar dominated by oppressive settler colonialism and authoritarian independent governments their ruling elites characterised by greed and corruption Zimbabwe is outstandingly oppressive plagued from the start by planned regularised ferocious and unparalleled violence as described in one chapter Perpetrated by ZANU PF and President Robert Mugabe it targeted the organised urban poor Hope arose when the trade unions created the MDC in Harare in 1999 A chapter on South Africa is also included and outlines how a small ANC elite chose external armed struggle around 1960 Their campaign marooned thousands of young people in Angolan camps for no military gains and the neglect of domestic political development A new and independent formation the United Democratic Front from 1983 tried to build a popular non racial participatory democracy However an intolerant ANC was determined on its supremacy and Nelson Mandela suppressed the Front in 1991 No similar democratic aspiration has subsequently appeared Another country examined in this text is Tunisia which since 2010 has been totally different utilising an organised civil society a democratic Islamist party and wide readiness to compromise an open politics is being created against big odds

**The Palgrave Handbook of Violence in Africa** Obert Bernard Mlambo,Ezra Chitando,2024-05-06 This handbook brings together global research on violence in Africa from academics practitioners and activists across a multitude of subjects It seeks to create the widest possible space for debate discussion and analysis of the broad range of issues and problems of violence It transcends disciplinary and geographic borders in order to create new ground in this space The chapters in this handbook cover diverse themes such as the topography of violence technologies of violence terrorism civil war and insurgent violence child soldiers and violence epistemic violence structural violence violence and memory violence and the law cultural mechanisms for creating sustaining resisting and mitigating violence political violence violence in moments of religious social and geo political transformation gender and violence violence against nature and violence and social media It centralises new meanings understandings and fresh ideas to the concept of violence broadening its scope and contributing to the debates that will shape Africa s common future It shines a light on key elements of African culture and the cultural mechanisms for creating sustaining resisting and mitigating violence in Africa It strives to be relevant to the needs and concerns of African societies by suggesting practical solutions for overcoming violence This book ties in with development initiatives in Africa

such as Agenda 2063 for the Africa We Want and the 2030 United Nations Sustainable Development Goals SDGs

**Financial Inclusion Regulatory Practices in SADC** Howard Chitimira, Tapiwa Warikandwa, 2023-05-25 Against a background of calls to prioritise the improvement of financial inclusion in Africa this book provides an analysis of current financial inclusion measures in Southern Africa Evaluating the existing strengths and weaknesses of financial inclusion in Africa it identifies opportunities to improve inclusive financial services and aid poverty reduction in the region With a focus on South Africa Namibia Botswana and Zimbabwe as case studies for assessing current financial inclusion in the context of particular challenges faced by unbanked and underbanked customers who are easy targets for cybercriminals due to low levels of digital literacy it looks into the regulation and promotion of financial inclusion in Southern Africa The book explores financial inclusion in the context of digital transformation in the 21st century examining the regulation and promotion of financial inclusion in the context of digital transformation as well as the challenges related to financial inclusion Suggesting improvements to aspects of company law securities and financial markets in the Southern African Development Community region the book offers a comprehensive study on the regulation and promotion of financial inclusion in the Southern African Development Community region It will be essential reading for students and academics researching financial inclusion international economic law and development

**Extractive Industry Indigenisation in Zimbabwe** Kennedy Manduna, 2025-09-25 This book explains how and why Zimbabwe's extractive industry Indigenisation over promised its benefits yet under delivered upon implementation This book traces the history of uneven development in Zimbabwe from the initial days of colonialism to the present using the extractive industry as the unit of analysis to carve out a granular and empirical analysis of the preponderance of transnational corporate control and ownership in the country Indigenisation of Zimbabwe's extractive industries was intended to address mining inequalities by transferring wealth from rich non Indigenous mining capital to disadvantaged Indigenous citizens and communities This policy however was a response to political economic and social crises posed by the international isolation of Zimbabwe's government following the controversial Fast Track Land Reform Programme in 2000-2003 An intervention therefore which promised to address inequalities has thus been hampered by corruption co-optation and collusion which has led to it not only failing to address uneven development but in actual fact worsening the situation By examining the hidden structures and infrastructures of power capital and minerals and placing extractive industry Indigenisation in capitalism this book makes a crucial scholarly contribution to the renewed and burgeoning debates around the resurgence of resource nationalism in general and the struggle for economic sovereignty in particular This book steers readers more broadly to look for new and diversified ways of empowering Indigenous populations and their communities through mining Indigenisation in ways that do not threaten economic and political stability This book will be of great interest to students and scholars of the extractive industries natural resource management African politics and African development

**Making Politics in Zimbabwe's Second Republic** Gorden

Moyo, Kirk Helliker, 2023-05-16 The book provides a fresh and innovative interpretation of the new government of Zimbabwe led by Emmerson Mnangagwa which emerged in late 2017 after the downfall of Robert Mugabe It demonstrates the contradictory character of the Mnangagwa government involving both continuities and discontinuities in relation to Mugabe's regime The temptation amongst Zimbabwean scholars has been to focus on the continuities and to dismiss the significance of any discontinuities notably reform measures This book adopts an alternative approach by identifying and focusing specifically on the existence of a formative project of the Mnangagwa's Second Republic further analysing its political significance as well as risks and limitations While doing so the book covers topics such as reform measures reconciliation transitional justice corruption the media agriculture devolution and the debt crisis as well as health and education Discussing the limitations of these different reform measures the book highlights that any scholarly failure to identify the risks of the project leads to an incomplete understanding of what constitutes the Mnangagwa's Second Republic The book appeals to students scholars and researchers of Zimbabwean and African studies political science and international relations as well as policymakers interested in a better understanding of political reform processes

**GMOs, Consumerism and the Global Politics of Biotechnology** Mawere, Munyaradzi, Nhemachena, Artwell, 2017-08-16 Despite sustained continental and national struggles for autonomy sovereignty and independence in postcolonial Africa the continent is increasingly embattled by the forces of globalisation which threaten African identity that is at the core of African struggles for continental and national unity Situating the debates in the contemporary discourses on decoloniality global consumerism global food apartheid and the challenges and prospects of the emergent sharing economies this book critically examines the importation use and implications of genetically modified organisms GMOs and other such non food products on African bodies institutions and cultures The book poses questions about how Africa can be decolonised both politically and in terms of global food apartheid and the dehumanising importation and use of foreign non food products some of which militate against the ethos of African identity Renaissance and indigeneity On note the book urges the African continent to ensure the safety of imports ensuing from the global flows and circulations that are mired in the resilient invisible global matrices of power

*Zimbabwe's Migrants and South Africa's Border Farms* Maxim Bolt, 2015-09-25 During the Zimbabwean crisis millions crossed through the apartheid era border fence searching for ways to make ends meet Maxim Bolt explores the lives of Zimbabwean migrant labourers of settled black farm workers and their dependants and of white farmers and managers as they intersect on the border between Zimbabwe and South Africa Focusing on one farm this book investigates the role of a hub of wage labour in a place of crisis A close ethnographic study it addresses the complex shifting labour and life conditions in northern South Africa's agricultural borderlands Underlying these challenges are the Zimbabwean political and economic crisis of the 2000s and the intensified pressures on commercial agriculture in South Africa following market liberalization and post apartheid land reform But amidst uncertainty farmers and farm workers strive for stability The farms on South

Africa's margins are centers of gravity islands of residential labour in a sea of informal arrangements      *Keeping the Republic* Christine Barbour, Gerald C. Wright, 2018-11-23 I consistently recommend the book to colleagues who are teaching American government for the first time. It is easy to use and it provides all of the basics that any student would ever need to know. It is easy for students to read and it challenges their preconceived notions about the world. James W. Stoutenborough, Idaho State University. *Keeping the Republic* gives students the power to examine the narrative of what's going on in American politics, distinguish fact from fiction, and balance form bias and influence the message through informed citizenship. *Keeping the Republic* draws students into the study of American politics, showing them how to think critically about who gets what and how, while exploring the twin themes of power and citizenship. Students are pushed to consider how and why institutions and rules determine who wins and who loses in American politics and to be savvy consumers of political information. The thoroughly updated Ninth Edition considers how a major component of power is who controls the information, how it is assembled into narratives, and whether we come to recognize fact from fiction. Citizens now have unprecedented access to power, the ability to create and share their own narratives, while simultaneously being even more vulnerable to those trying to shape their views. The political landscape of today gives us new ways to keep the republic and some high-tech ways to lose it. Throughout the text and its features, authors Christine Barbour and Gerald Wright show students how to effectively apply the critical thinking skills they develop to the political information they encounter every day. Students are challenged to deconstruct prevailing narratives and effectively harness the political power of the information age for themselves. Up to date with 2018 election results and analysis, as well as the impact of recent Supreme Court rulings, shifting demographics, and emerging and continuing social movements, *Keeping the Republic* Ninth Edition is a much-needed resource to help students make sense of politics in America today.
