## **Zimsec June 2014 English Paper Timetable:**

**Diplomatic Interference and the Law** Paul Behrens, 2016-05-05 Diplomatic interference carries considerable potential for disruption. In this context diplomats have been accused of insulting behaviour, the funding of political parties, incitement to terrorism and even attempts to topple the host government. Reactions can be harsh: expulsions are common and occasionally diplomatic relations are severed altogether. But an evaluation under international law faces challenges. Often enough charges of interference are made when legitimate interests are involved: for instance when diplomats criticise the human rights record of their hosts. In such cases diplomats may be able to invoke grounds which are recognised under international law. On the basis of more than 300 cases of alleged diplomatic interference and the practice of about 100 States and territories *Diplomatic Interference and the Law* provides an examination of the main areas in which charges of meddling have arisen: such as lobbying activities, contacts with the opposition, propaganda, the use of threats and insults and the granting of asylum. It analyses situations in which the sovereignty of the receiving State meets competing interests and offers solutions which avoid a conflict of norms. It concludes with useful advice for foreign offices and diplomatic agents and underlines the most efficient ways of dealing with situations of alleged interference. A book that is here to stay. It is essential reading for diplomats, academics, journalists, students and everyone who has an interest in international law and justice. Based on rigorous research, Paul Behrens' book offers new and thoughtful perspectives on the Vienna Convention on Diplomatic Relations which was drafted in 1961. It demonstrates just how important it is to have a lawyer of his impartiality and integrity if we want to reach peaceful and lasting solutions in international relations. *Diplomatic Interference and the Law* has the makings of an instant classic and I have no doubt that it will pave the way for the sorely needed reform of diplomatic law. Dr Nelson Iriazu, Vice President of the Committee of the Whole of the Vienna Conference on Diplomatic Relations in 1961, former Head of the diplomatic missions of Uruguay to Austria, Czechoslovakia, Hong Kong, Denmark and Sweden, author of *Corrupción en la ONU*. Dr Behrens' book rigorously analyses the legal doctrine of non-interference by diplomats in their hosts' internal affairs and how it may conflict with legal obligations to combat, for example, denial of self-determination and breaches of human rights. Exhaustively researched and in accessible language with copious, often entertaining examples, it will be an indispensable guide for diplomats. Behrens on diplomatic interference will be cited as the definitive authority on the matter for the foreseeable future. I recommend this book to diplomats, lawyers and the general reader: they will all read and refer to it with profit and immense pleasure. Sir Brian Barder, KCMG, BA, Cantab, is a former British ambassador to Ethiopia, Benin and Poland and High Commissioner to Nigeria and Australia. Paul Behrens' book breaks new ground. It is the first study to focus on the vexed question of diplomatic meddling in the domestic affairs of the receiving State. It has heightened topicality as many Western governments, in their concern to promote human rights and democracy, urge their diplomats to be active in their support of civil society, particularly in countries with authoritarian governments. This book is replete with case studies.

covering the 50 years since the signature of the Vienna Convention and provides an invaluable pathway through this legal minefield Sir Ivor Roberts KCMG FCIL President of Trinity College Oxford Former British Ambassador to Yugoslavia Ireland and Italy *Pan-Africanism in Modern Times* Olayiwola Abegunrin, Sabella Ogbobode Abidde, 2016-06-15 For about one hundred years Pan Africanism as a social cultural economic political and philosophical idea thrived Towards the tail end of the twentieth century however it waned But in more recent times there has been noticeable resurgence And as we approach the second decade of the twenty first century there are indications of significant transformations vis vis the role and place of Pan Africanism and Pan Africanists Consequently this book offers a new further and better understanding of Pan Africanism not just from the traditional African and African American points of view but also from a global perspective It does so by offering an analysis of its early years in terms of the personalities ideas and conferences that shaped it it also examines many of the factors that brought about its decline and its eventual rebirth Contributing to this seminal work are scholars of different but complementary styles and intellect who deviate from the more traditional or obvious approaches For instance one of the chapters explores Pan Africanism from the geographic perspective while another examines the role and place of women in the Pan African movement There are also voices that advance the conversation from the regional and continental viewpoint hence chapters that investigate the status of Pan Africanism in Latin America in the Caribbean and Islam and Pan Africanism in the modern world Ethnonationalism and xenophobia are also part of the treatise because increasingly these injurious phenomena are reemerging in Africa s landscape and consciousness In an increasingly interdependent and interrelated world this book also suggests that Pan Africanism will undergo a metamorphosis problems and challenges will be seen and tackled from the globalization and global common perspective Pan Africanism in Modern Times goes beyond the historicity of Pan Africanism and examines the challenges concerns and constraints it faces and also examines it from an inclusive perspective to have a broader understanding of this phenomenon and its future trajectory **State-Business**

**Relations and Economic Transformation in South Africa and Zimbabwe** Sinan Baran, 2023-06-12 In *State Business Relations and Economic Transformation in South Africa and Zimbabwe* Unfinished Transformation Sinan Baran examines state business relations SBRs in semi peripheral South Africa and peripheral Zimbabwe after each country s transition to majority rule to address why SBRs are likely to either consolidate or fracture in post transition communities In both countries the majority governments faced unresolved post transition divisions relating to race inequality and underdevelopment Baran analyzes the liberalisation and indigenisation policy choices intended to address these areas that are impacting the mining industries in South Africa and Zimbabwe as case studies Using comparative analysis and a Modern World Systems lens he argues that semi peripheral countries are less susceptible to pressures from domestic and external powers than peripheral countries during periods of economic transformation He further argues that China s significant political and economic presence in a peripheral country like Zimbabwe has more effect on SBRs than in a semi peripheral country like South Africa
