X-kit FET Grade 11 Accounting, 2006 *Teaching History with Big Ideas* S. G. Grant, Jill M. Gradwell, 2010-07-16 In the case studies that make up the bulk of this book middle and high school history teachers describe the decisions and plans and the problems and possibilities they encountered as they ratcheted up their instruction through the use of big ideas Framing a teaching unit around a question such as Why don't we know anything about Africa offers both teacher and students opportunities to explore historical actors ideas and events in ways both rich and engaging Such an approach exemplifies the construct of ambitious teaching whereby teachers demonstrate their ability to marry their deep knowledge of subject matter students and the school context in ways that fundamentally challenge the claim that history is boring

Journal of the American Medical Association, 1922 From Thomas to Train Conductor Suzanne Jacobsen, 2013-07-26 In 2010 Kirin Jacobsen walks across the auditorium stage to receive his Bachelor's Degree For his parents Suzanne and John Jacobsen this moment is more than a milestone it is a celebration of Kirin's courage to overcome enormous obstacles Follow the Jacobsen family as Kirin grows from a boy who passionately loves Thomas the Tank Engine into a wise and wonderful young man who becomes a train conductor The Jacobsen family faces many challenges with medical professionals and educators demonstrating the extent of the advocacy required to support Kirin into adulthood Individuals with developmental differences and their families are constantly faced with ignorance complacency disrespect and misunderstanding The Jacobsens story is shared to encourage parents to advocate for their loved ones and inspire changes that will make a difference in the lives of these individuals *Determining Discourses* Kelly E. Grindstaff, 2010 **Current Trends and Issues in Higher Education** Nataša Bakić-Mirić, Davronzhon Erkinovich Gaipov, 2015-02-27 This volume is a collection of eleven papers written by scholars from around the world who came together in their shared interest to discuss current trends and issues in higher education Rich in a diversity of topics Current Trends and Issues in Higher Education represents a valuable contribution to the fields of language culture teaching methodology education linguistics and central Asian studies This book synthesises current theoretical and practical insights in higher education provided by active researchers and practitioners in their respective areas It is comprehensive in dealing with the issues facing educators today such as changing perceptions in education and research and learning and teaching in traditional and non traditional settings With today's constant changes in the field of education as a result of new legislation and globalization and new instructional practices and research investigations this book will help all involved in education to keep up with these transformations and be up to date in all areas relating to higher education **Extending Intelligence** Patrick C. Kyllonen, Richard D. Roberts, Lazar Stankov, 2008 This volume presents research from a variety of perspectives on the enhancement of human intelligence It is organized around five themes enhancement via instruction enhancement via development over the life cycle enhancement over time enhancement via new constructs and new directions in enhancement Three key issues are addressed First although

most of the scientific research on intelligence has concerned what it is this volume attends to the consequential societal and economic issue concerns of whether it can be increased and how Second intellectual enhancement is particularly important when targeted to minorities and the poor groups that have typically performed relatively less well on intelligence and achievement measures This volume reflects the education community's ongoing interest in understanding and attempting to close achievement or test score gaps Third most of the attention to examining intellectual enhancement and in accounting for and closing the test score gap has focused on general cognitive ability In line with the current emphasis on considering intelligence from a wider perspective this volume includes constructs such as emotional and practical intelligence in definitions of intellectual functioning Extending Intelligence Enhancement and New Constructs is an essential volume for researchers students and professionals in the fields of educational psychology intelligence educational measurement and assessment and critical thinking
