*Torch, Wood & Peasants* Webley Wildfoot, Refiguring Melodrama in Film and Television Agustín Zarzosa,2013 The notion of mode is critical in the reevaluation of melodrama As a mode melodrama appears not only as a dramatic genre pervaded by sensationalism exaggerations and moral polarities but also as a cultural imaginary that shapes the emotional experience of modernity characterized by anxiety moral confusion and the dissolution of hierarchy Despite its usefulness the notion of mode remains mystifying What exactly are modes and how do they differ from genres Refiguring Melodrama in Film and Television Captive Affects Elastic Sufferings Vicarious Objects argues that whereas genres divide a universe in terms of similarities and differences modes express or modify an indivisible whole This study contends that the melodramatic mode is concerned with the expression of the social whole in terms of suffering Zarzosa explains how melodrama is not a cultural imaginary that proclaims the existence of a defunct moral order in a post sacred world but an apparatus that shapes suffering and redistributes its visibility The moral ideas we associate with melodrama are only a means to achieve this end To develop this conception of melodrama Refiguring Melodrama in Film and Television offers a novel conceptualization of the following aspects of melodrama theory affect interpretation exchange excess sacrifice and coincidence These aspects of melodrama are coupled with the analysis of classic melodramas *Home from the Hill* and *The Story of Adele H* contemporary films *The Piano* *Safe* and *Year of the Dog* and television series *Torchwood* and *Lost* Refiguring Melodrama in Film and

Television provides an essential new look at melodrama and its function in popular culture and media
