 s guide to the report that explains how the senseless tragedy in Portapique happened and how we can prevent such violence
 in the future In this book Dean Beeby distills the extensive research of the Mass Casualty Commission into a readable
 account of exactly what happened during 13 chaotic hours when 22 Nova Scotians were murdered in April 2020 The
 commission tracked the perpetrator s movements and pieced together the actions of all involved RCMP members The
 Mounties fatal errors failing to believe citizens reporting that the murderer was driving a replica RCMP car and failing to
 recognize his back road escape route among many others are documented in the report and set out in this book Dean Beeby
 describes the background to these events including the numerous times the killer was involved with police and their repeated
 failures to deal with the danger he represented to his community and the public The Commission made 130 recommendations
 for action two thirds of them dealing with the RCMP Dean Beeby offers a plain language description of each of these
 recommendations enabling readers to keep track of how the RCMP and other agencies respond to the commission s demands
 for major reforms The Mass Casualty Commission s exhaustive investigation cost almost 50 million and yielded a massive
