

How to Select an Appropriate Exploratory Essay Topic?

REVIEW THE TASK GUIDELINES

Of course, one should start by reading the task instructions. Take a look at the guidelines you were given, and use it to guide your next actions.

CONDUCT DEEP RESEARCH

You should get your research going as soon as possible. This will give you a better understanding of the range of potential topics available.

DEFINE A BROAD CATEGORY

This should be your initial action if the teacher has not provided you with a category. You should discuss about the common issues that you see or observe in a day-to-day life.

BE SPECIFIC

Don't be too general. Find a specific topic that you can explore in depth. This helps in the development of a more focused and perceptive essay.

Ogden, 2016-03-01 The idea of the professional who bridges both research and practice has been largely overlooked and at times even disregarded by the academic and administrative structures that govern activity in higher education today In international higher education the number of students who now engage in mobility and exchange has expanded globally along with the administrative cadre that manages all facets of internationalization and the quickly growing scholarly attention to understanding the phenomenon In this process two distinct professional categories have emerged those who study it and those who do it the scholars and the practitioners Practitioners are seen as those who manage the daily logistical flow of students and personnel around the globe while scholars are seen as those who conduct research collect and analyze data and publish findings to inform improve and justify the activity Yet this dichotomy is overly simplistic outdated and excludes the large and growing class of hybrid scholar practitioners who now engage regularly in both kinds of activity It is this rapidly growing population of bridge builders that are profiled and discussed in this book through critical essays on the notion of the scholar practitioner and its implication for the further development of international higher education The chapters include detailed analyses from university faculty senior international officers and other high level administrators directors of research centers key leaders from influential professional associations and private organizations managers of study abroad and exchange and graduate students This book launches a much needed dialogue about the perception and reality potential and promise of the scholar practitioner in higher education today It will

be of relevance to a wide variety of readers from those within universities and organizations to those who are outside observers of higher education Rediscovering the Natural Law in Reformed Theological Ethics Stephen J.

Grabill,2006-10-05 Is knowledge of right and wrong written on the human heart Do people know God from the world around them Does natural knowledge contribute to Christian doctrine While these questions of natural theology and natural law have historically been part of theological reflection the radical reliance of twentieth century Protestant theologians on revelation has eclipsed this historic connection Stephen Grabill attempts the treacherous task of reintegrating Reformed Protestant theology with natural law by appealing to Reformation era theologians such as John Calvin Peter Martyr Vermigli Johannes Althusius and Francis Turretin who carried over and refined the traditional understanding of this key doctrine Rediscovering the Natural Law in Reformed Theological Ethics calls Christian ethicists theologians and laypersons to take another look at this vital element in the history of Christian ethical thought *Research Report* ,1965 Latin America's International Relations and Their Domestic Consequences Jorge I Dominguez,2014-01-21 First Published in 1994 Volume 6 in the 7 volume series titled *Essays on Mexico Central and South America Scholarly Debates from the 1950s to the 1990s* The central scholarly articles concern interstate peace along with a U S propensity to intervene and international structural vulnerabilities and economic asymmetries along with the significance of elite skills and choices This title recognises that scholars have paid more attention to international economics in Latin America and seeks to balance the range study

Creative Composition Danita Berg,Lori A. May,2015 This book brings together contemporary authors and well respected creative writing instructors and theorists to explore ways creativity in composition may be encouraged in student writers The question in this anthology is not Can writing be taught but How can we inspire students to embrace the creative process no matter what they write
