

## Torts Multiple Choice Midterm Exam Practice Questions And Answers 2023/2024

What effect does res ipsa loquitur have in most states? ☒ Res ipsa loquitur creates a permissible inference of negligence, which gives the jury the option of ruling in the plaintiff's favor.

For a negligence claim, which of the following things generally would be taken into account in setting the standard or level of care that a defendant was expected to exercise?

- (a) the fact that the defendant had a serious mental illness
- (b) the fact that the defendant voluntarily consumed large quantity of alcohol and was very intoxicated.
- (c) the fact that the defendant had very poor eyesight
- (d) the fact that the defendant's intelligence was significantly below average ☒ (c) the fact that the defendant had very poor eyesight.

-Poor eyesight is a physical problem that is taken into account when assessing the standard of care

Which of the following is a true statement about the "but for" test?

- (a) the "but for" test looks at whether the plaintiff's injury would have been avoided if the defendant had exercised reasonable care
- (b) the "but for" test looks at whether the defendant would have acted with reasonable care if the defendant had average mental and physical abilities
- (c) the "but for" test looks at whether the plaintiff's injury would have been reasonably foreseeable to a person in the defendant's situation
- (d) the "but for" test looks at whether the defendant would have owed a duty to the plaintiff and defendant ☒ (a) the "but for" test looks at whether the plaintiff's injury would have been avoided if the defendant had exercised reasonable care

-The "but for" test is about whether the plaintiff's injury would have happened but for the defendant's negligence. In other words, it is about whether the injury would have been avoided if the defendant had exercised reasonable care

What did the court decide in the Byrne v. Boadle case? ☒ The court decided that in some instances, the mere fact of the accident having occurred is evidence of negligence.

## **Torts Exam Multiple Choice:**

Questions and Answers Anita Bernstein, 2018-03-25      **Siegel's Torts** Brian Siegel, Lazar Emanuel, 2010-01-13 The Siegel's Series works through key topics in a Q/A format providing an additional source for self-quizzing. A proven resource for high performance, each title in this exam prep series contains multiple choice questions and answers as well as essay questions with model answers. Siegel's Features Multiple choice questions with model answers. Essay questions with model answers. Available for all major subjects and electives. Great for exam prep.      *Questions and Answers: Torts* Anita Bernstein, 2023-04-30 Questions Answers Torts offers a thorough review of torts that fits with all versions of a typical torts course. It provides an effective review of doctrinal material at relatively low cost in both time and money. The thorough index and table of contents enable users to easily locate any topic in the torts syllabus. An extended practice exam chapter which does not announce which topics are covered gives users the option of hiding the ball when testing themselves. The principal technology of this book is the multiple choice question. Each one gives four alternative answers and with no evasions like all of the above or B and C only along with explanations that have been road tested with torts students for utility and clarity. In recognition of bar exam and academic support considerations, the fifth edition has increased the percentage of questions that are multiple choice while retaining short answers that give users a chance to put doctrine into their own words. Some questions are relatively easy and a few are relatively hard. Many questions are written as anecdotes with human characters to simulate the case method of instruction while others ask about abstract points. Although core doctrine fills most of this book, it also includes jurisprudential material like economic analysis and policy questions. The index labels these jurisprudential questions as theory policy for ease of identification.      *The Glannon Guide to Torts* Richard L. Hasen, 2011 A highly effective study tool. The Glannon Guide to Torts uses explanatory text and multiple choice questions to thoroughly review course content. The interactive and student-friendly Glannon Guide pedagogy enables students to hone their understanding of torts topics so they can be prepared and confident in class or taking the final exam. A complete approach to content mastery and exam preparation features multiple choice questions that comprise a comprehensive review of first-year Torts. Clear introductions to terms and concepts that prepare students to successfully analyze and answer multiple choice questions. Analysis of correct and incorrect answers to clarify murky or ambiguous points of law. Sophisticated but fair multiple choice questions that are neither unrealistically easy nor unnecessarily difficult. A user-friendly and interactive approach that supports learning and course review for Torts regardless of the exam format. The Closer, a final question at the end of each chapter, challenges the reader to apply new concepts to a more complex problem. Closing Closer questions in the last chapter offer a cumulative review of the entire course. A Teacher's Manual may be available for this book. Teacher's Manuals are a professional courtesy offered to professors only.
