**Transcultural Encounters between Germany and India** Joanne Miyang Cho, Eric Kurlander, Douglas T McGetchin, 2013-12-17 Providing a comprehensive survey of cutting edge scholarship in the field of German Indian and South Asian Studies the book looks at the history of German Indian relations in the spheres of culture politics and intellectual life Combining transnational post colonial and comparative approaches it includes the entire twentieth century from the First World War and Weimar Republic to the Third Reich and Cold War era The book first examines the ways in which nineteenth century Indomania figured in the creation of both German national identity and modern German scholarship on the Orient and it illustrates how German encounters with India in the Imperial era alternately destabilized and reinforced the orientalist capitalist and nationalist underpinnings of German modernity Contributors discuss the full range of German responses to India and South Asian perceptions of Germany against the backdrop of war and socio political revolution as well as the Third Reich's ambivalent perceptions of India in the context of racism religion and occultism The book concludes by exploring German Indian relations in the era of decolonization and the Cold War Employing a diverse array of interdisciplinary approaches to understanding German Indian encounters over the past two centuries this book is of interest to students and scholars of Germany India Europe and Asia as well as history political science anthropology philosophy comparative literature and religious studies

**European Investment in Greece in the Nineteenth Century** Korinna Schönhärl, 2020-09-23 Banking historiography often does not sufficiently take into account bankers' deliberations of their decision making but rather limits investigation to considerations of profit maximisation This book shows that the decision making processes of nineteenth century bankers contemplating high risk financial markets like Greece are just as complex as present day investment decisions The book now published in English after a first German edition offers in depth studies of decision making in concrete historical situations considering political and economic circumstances and also the individual background of the actors concerned including a reflection on the influence of cultural movements such as Philhellenism Employing methodological inspirations from the field of behavioural finance the book analyses a broad range of published and unpublished English French Greek German and Swiss sources on European investment in Greece between 1821 and the Balkan wars Additionally rich insights into Greek economic history the economic integration of the country into Europe and long lasting European stereotypes of Southern Europe and Greece are provided this furthers understanding of the historical background of the Greek financial crisis after 2009 In combining the perspectives of financial economic political and cultural history this book is primarily significant for students of various fields of historiography Due to its strong awareness of methodological questions it is also of great interest

to academic historians In addition the strong public interest in the Greek financial crisis after 2009 and its consequences for Europe will thirdly attract the interest of a broader public      **Emergency Medical Services, 2 Volumes** Jane H.
