Friendship Reconsidered P. E. Digeser, 2016-09-06 In the history of Western thought friendship s relationship to politics is checkered Friendship was seen as key to understanding political life in the ancient world but it was then ignored for centuries Today friendship has again become a desirable framework for political interaction In Friendship Reconsidered P E Digeser contends that our rich and varied practices of friendship multiply and moderate connections to politics Along the way she sets forth a series of ideals that appreciates friendship s many forms and its dynamic relationship to individuality citizenship political and legal institutions and international relations Digeser argues that as a set of practices bearing a family resemblance to one another friendship calls our attention to the importance of norms of friendly action and the mutual recognition of motive Focusing on these attributes clarifies the place of self interest and duty in friendship and points to its compatibility with the pursuit of individuality She shows how friendship can provide islands of stability in a sea of citizen strangers and in a delegitimized political environment a bridge between differences She also explores how political and legal institutions can both undermine and promote friendship Digeser then looks to the positive potential of international friendships in which states mutually strive to protect the just character of one another s institutions and policies Friendship s repertoire of motives and manifestations complicates its relationship to politics Digeser concludes but it can help us realize the limits and possibilities for generating new opportunities for cooperation

Love @ First Sight Arun Arora, 2012-05 Every love story has a childhood in it We all have fallen in love during our adolescent years That tender love sometimes vanishes as we grow older into the realities of this practical world and sometimes grows along with us inside our hearts rooted deep within our thoughts growing into a much stronger bond with each passing moment This is the story of one such beautiful love bond that sprouted when a young boy of 13 years of age saw the most beautiful face of his life Love First Sight recounts how the attraction felt by this young boy went on to grow into the deepest of feelings of love selflessness and dedication The boy knew from all his heart that he was in love with the girl and desired her throughout his school life But he couldn't tell her anything as he couldn't find ways to express his feelings He couldn't talk to her during the whole five years of their schooling together it's another thing that she was his classmate The love remained one-sided at least the boy thought it to be so Love has the power to change How love brought in the most amazing and rewarding changes in his life to make it a positively better one to live is
