

SUCCESSFUL RESTAURANT DESIGN

Third Edition

REGINA S. BARABAN

JOSEPH F. DUROCHER

Successful Restaurant Design

Ken Albala

Successful Restaurant Design:

Successful Restaurant Design Regina S. Baraban, Joseph F. Durocher, 2010-02-02 An integrated approach to restaurant design incorporating front and back of the house operations Restaurant design plays a critical role in attracting and retaining customers At the same time design must facilitate food preparation and service Successful Restaurant Design shows how to incorporate your understanding of the restaurant s front and back of the house operations into a design that meets the needs of the restaurant s owners staff and clientele Moreover it shows how an understanding of the restaurant s concept market and menu enables you to create a design that not only facilitates a seamless operation but also enhances the dining experience This Third Edition has been thoroughly revised and updated with coverage of all the latest technological advances in restaurant operations Specifically the Third Edition offers All new case solutions of restaurant design were completed within five years prior to this edition s publication The examples illustrate a variety of architectural decorative and operational solutions for many restaurant types and styles of service All in depth interviews with restaurant design experts are new to this edition To gain insights into how various members of the design team think the authors interviewed a mix of designers architects restaurateurs and kitchen designers New information on sustainable restaurant design throughout the book for both front and back of the house New insights throughout the book about how new technologies and new generations of diners are impacting both front and back of the house design The book closes with the authors forecast of how restaurants will change and evolve over the next decade with tips on how designers and architects can best accommodate those changes in their designs *Successful Restaurant Design* Regina S. Baraban, Joseph F. Durocher, 1992-03-15

Successful Restaurant Design offers the first integrated guide to the modern restaurant design process Regina Baraban and Joseph Durocher provide an exceptionally clear picture of the successful marriage of utility aesthetics and the optimal use of space as they look at both front of the house and back of the house design considerations Successful Restaurant Design can aid the designer planner or restaurant operator in achieving the best design for efficient operations and for the intended customer market Chapters are therefore devoted to the important topics of design analysis Chapter 1 design psychology Chapter 2 the customer s perspective Chapter 3 management s perspective Chapter 4 and specific problem solving Chapters 5 and 6 To further acquaint the reader with the variables of the design process personal interviews are presented which examine the rationale behind specific design plans Since there are a multitude of design options and methods available today Successful Restaurant Design offers thorough case studies of many types of restaurants These case studies examine the execution of a variety of designs from the traditional to the innovative from the student cafeteria at Southern Methodist University to one of New York City s hottest gathering spots America With the help of 127 black and white and 23 color photographs the authors clearly show the successful application of creatively integrated design concepts Successful Restaurant Design offers critical insight into the working restaurant as a complete entity and addresses the needs of the full

range of professionals involved in the design process With this book as a guide the architect and interior designer can gain an understanding of the operational characteristics of the modern restaurant the facilities designer can achieve a sensitivity for interior design and its impact on the overall marketing mix and the operator or restaurateur can readily see the impact that the physical plant can have on the bottom line the daily measure of success **Successful Restaurant Design** Regina S. Baraban, Joseph F. Durocher, 1992 This text provides an innovative approach to restaurant design that fully discusses both kitchens and dining rooms It offers critical insights into the working restaurant as a complete entity and addresses the needs of the full range of professionals involved in the design process All of the designs integrate front of the house and back of the house considerations and blend functional with aesthetic concerns Illustrated and supported with numerous case studies of design work this guide also explores future trends in restaurant design and supplies photographs of finished designs

How to Design a Successful Restaurant Robert J. DiLeonardo, DiLeonardo International, Inc, 1988 Smart Casual Alison Pearlman, 2013-04-15 A delicious romp through America's rapidly changing and diverging restaurant scene an informative witty and delightful book Andrew F Smith editor of The Oxford Encyclopedia of Food and Drink in America Haute has blurred with homey cuisine in the last few decades but how did this radical change happen and what does it say about current attitudes toward taste Here with the answers is food writer Alison Pearlman In Smart Casual The Transformation of Gourmet Restaurant Style in America Pearlman investigates what she identifies as the increasing informality in the design of contemporary American restaurants By design Pearlman does not just mean architecture Her argument is more expansive she is as interested in the style and presentation of food the business plan and the marketing of chefs as she is in the restaurant's floor plan or menu design Pearlman takes us hungrily inside the kitchens and dining rooms of restaurants coast to coast from David Chang's Momofuku noodle bar in New York to the seasonal French inspired cuisine of Alice Waters and Thomas Keller in California to the deconstructed comfort food of Homaro Cantu's Moto in Chicago to explore the different forms and flavors this casualization is taking Through lively on the scene observation and interviews with major players and chefs Smart Casual will transport readers to restaurants around the country to learn the secrets to their success and popularity It is certain to give foodies and restaurant goers something delectable to chew on This study is erudite and hip written with both verve and a keen analytical eye Ken Albala author of Beans A History *Designing Commercial Interiors* Christine M. Piotrowski, 2016-04-18 A practical comprehensive resource for commercial interior design Designing Commercial Interiors is the industry standard reference now fully revised and expanded to reflect the latest developments in commercial interior design This book guides you through the entire design process from planning to execution to teach you the vital considerations that will make your project a success This new third edition includes new Sustainability concepts for a variety of commercial spaces Coverage of accessibility security safety and codes and how these factors influence commercial design Chapters on design research project process and project management Drawings and photographs of

design applications Supplemental instructor s resources Commercial interior design entails a much more complex set of design factors than residential design and many of these considerations are matters of safety and law This book walks you through the process to give you a solid understanding of the myriad factors in play throughout any commercial project including how the global marketplace shapes designers business activities Whether it s a restaurant office lodging retail healthcare or other facility the interior designer s job is much more complicated when the project is commercial Designing Commercial Interiors is an exhaustive collection of commercial design skills methods and critical factors for professionals instructors and those preparing for the NCIDQ exam **The SAGE Encyclopedia of Food Issues** Ken Albala,2015-03-27

The SAGE Encyclopedia of Food Issues explores the topic of food across multiple disciplines within the social sciences and related areas including business consumerism marketing and environmentalism In contrast to the existing reference works on the topic of food that tend to fall into the categories of cultural perspectives this carefully balanced academic encyclopedia focuses on social and policy aspects of food production safety regulation labeling marketing distribution and consumption A sampling of general topic areas covered includes Agriculture Labor Food Processing Marketing and Advertising Trade and Distribution Retail and Shopping Consumption Food Ideologies Food in Popular Media Food Safety Environment Health Government Policy and Hunger and Poverty This encyclopedia introduces students to the fascinating and at times contentious and ever so vital field involving food issues Key Features Contains approximately 500 signed entries concluding with cross references and suggestions for further readings Organized A to Z with a thematic Reader s Guide in the front matter grouping related entries by general topic area Provides a Resource Guide and a detailed and comprehensive Index along with robust search and browse functionality in the electronic edition This three volume reference work will serve as a general non technical resource for students and researchers who seek to better understand the topic of food and the issues surrounding it **Contemporary Japanese Restaurant Design** Motoko Jitsukawa,K. K. Cornucopia K.

K.,2012-06-26 This Japanese interior design and architecture book is filled with fresh ideas for restaurateurs and foodies alike The Japanese approach of introducing classical aesthetics to innovative and exciting dinning spaces expresses the fundamentals of Japanese architecture and design With evocative texts accompanying stunning photographs Contemporary Japanese Restaurant Design features 28 of the most cutting edge dining spaces by the country s leading restaurant designers

Restaurant Design Susan Colgan,1987 Strategic International Restaurant Development: From Concept to Production Camillo, Angelo A.,2021-04-09 Foodservice industry operators today must concern themselves with the evolution of food preparation and service and attempt to anticipate demands and related industry changes such as the supply chain and resource acquisition to not only meet patrons demands but also to keep their competitive advantage From a marketing standpoint the trend toward a more demanding and sophisticated patron will continue to grow through various factors including the promotion of diverse food preparation through celebrity chefs mass media and the effect of globalization From

an operational standpoint managing and controlling the business continues to serve as a critical success factor Maintaining an appropriate balance between food costs and labor costs managing employee turnover and focusing on food service quality and consistency are fundamental elements of restaurant management and are necessary but not necessarily sufficient elements of success This increasing demand in all areas will challenge foodservice operators to adapt to new technologies to new business communication and delivery systems and to new management systems to stay ahead of the changes Strategic International Restaurant Development From Concept to Production explains the world of the food and beverage service industry as well as industry definitions history and the status quo with a look towards current challenges and future solutions that can be undertaken when developing strategic plans for restaurants It highlights trends and explains the logistics of management and its operation It introduces the basic principles for strategies and competitive advantage in the international context It discusses the food and beverage management philosophy and introduces the concept of food and beverage service entrepreneurship restaurant viability and critical success factors involved in a foodservice business venture Finally it touches on the much discussed topic of the food and beverage service industry and sustainable development This book is ideal for restaurateurs managers entrepreneurs executives practitioners stakeholders researchers academicians and students interested in the methods tools and techniques to successfully manage develop and run a restaurant in the modern international restaurant industry

Designing Coffee Shops and Cafés for Community Lisa Waxman, 2022-04-19 *Designing Coffee Shops and Cafés for Community* brings together research theory and practical applications for designing coffee shops and cafes as places to enhance community connections As people search for meaning and connection in their lives they often seek out places that root them in their community Designers are responsible for creating these spaces and to do so well they need to understand the physical and social attributes that make such spaces successful Addressing societal trends environment and behavior theories place attachment branding authenticity location layout and ambiance the book provides guidelines to help designers and operators create more welcoming third places places that are not home not work but those where we can relax in the company of others It includes eight case studies by authors from three countries that ground the theories in real life third places Its practical design guidelines cover location accessibility seating lighting sound and more Written for students academics and designers this book discusses the value of coffee shops and cafés and guides readers through the ways to create places of belonging that bring people together

The Shape of Space: Food Preparation Spaces Crane, Dixon, 2012-12-06 This book is intended as a tool for architects interior designers and other professionals to identify the space requirements for domestic or commercial kitchens and food preparation areas The size and of kitchens are often determined by external shape factors rather than the internal operating requirements The various factors of access servicing and function combined with the often predetermined size and shape make many food preparation areas unique The purpose of this book is to identify the principles applying in various situations and to show by example how the same basic functional

criteria can be satisfied within a variety of spatial contexts The book is divided into five chapters dealing with domestic and commercial kitchens food serveries and foods courts and retail catering Each chapter identifies the various criteria to be borne in mind when preparing layouts and provides specimen plans and information that can be applied directly to a wide range of food preparation facilities In preparing this book we have consciously intended the information to be plagiarized or copied directly either by photocopying cutting and pasting tracing or computer scanning All the images are drawn to scale and can be used same size or resized as required Our aim has been to provide information that will enable the designer to identify design parameters and our examples provide possible schematic solutions In conclusion it should be noted that catering design is an extensive and highly specialized subject

Surprising Fast Food Facts Tessa Kwan, AI, 2025-03-31

Surprising Fast Food Facts explores the multi faceted world of the fast food industry revealing the hidden truths behind our favorite on the go meals This book examines not only what goes into fast food but also how the industry has masterfully marketed itself into our daily lives For example many popular menu items have surprising historical origins often stemming from global culinary traditions adapted for American tastes Moreover the book dissects the often obscured ingredients like chemical additives and artificial flavors used to create standardized products raising questions about ethical sourcing and environmental impact The book progresses by first uncovering the secrets of food ingredients then journeys through the historical evolution of fast food staples and finally exposes the psychological strategies behind marketing tactics By understanding the use of branding advertising and restaurant design readers can begin to see how businesses influence our food choices A key takeaway is that the fast food industry's success is due to a system prioritizing profit over nutritional value and transparency This makes the book valuable for anyone seeking to make more informed food choices and understand the food industry's impact on public health and culture
