Boundary Stelae Of Akhentaten William J. Murnane,Charles C. Van Siclen III,2012-11-12 First published in 1993 This is a new edition of Akhaenaten s boundary stelae which now includes information about most of the boundary markers the tablets were accompanied by statues of Akhenaten Nefertiti and two of their daughters all of which stood on low platforms

that were raised above the level of the floor In addition was the awareness that the statues at the site of Stela A were elevated to a greater degree than were the corresponding statues at other sites insofar as this could be judged from published photographs The evidence in the publication indicated moreover that Stela A along with Stela B some two miles south were the latest of the boundary monuments to be inscribed since both concluded with a colophon dated to the end of Akhenaten's eighth regnal year added to the standard text of the Later Proclamation found on these and other stelae of this series

The Sorceress and the Summoner Joshua D. McArthur, 2012-11 The worlds are changing In a world far from our own where magic and myth are one in the same a declaration of war is announced The announcement sets in motion a chain of events that tear into the very fabric of time and space An ancient legacy has returned to the magical world of Ivane which had been thought long extinct Since anyone can remember there have always been two lines of magic The first is the essence of the Sorceress It has been ten years since the last reincarnation of the Sorceress ten years since very her essence has poisoned an undeserving woman But suddenly it has returned Now to fight off the evil three heroes are called upon to help vanquish the essence for good Legend tells of the one who can manage this seemingly impossible feat The one who can achieve this is graced with the essence's lighter equivalent the Summoner Aliz Dominio a beautiful gifted young mage from the Alinta Aces Gogora's only army joins forces with Eddy Seamer Eddy is a tough but loveable bladesman and they are joined by one of their mentors Keryn Blackhart a patriotic perfectionist who cannot be beaten with a rifle Together they embark on a quest that pans the wondrous world they have all grown up in Only the Summoner can call forth the ancient sceptre of the Gods This ancient artefact is said to hold the power to vanquish the Summoner's evil counterpart and restore peace if only for a while But something is different this time around and deep in Aliz's heart a horrible truth is beginning to emerge In old times a prophecy was made It spoke of the two ancient lines of magic and how they once belonged to the one who the people of Ivane consider God It tells of the two lines of magic reuniting in one being who will ultimately become a God among men As Aliz and her friends reach their target the heart wrenching truth is exposed The true identity of the Sorceress is revealed and the events that follow are truly catastrophic When one inherits the essence of the Sorceress their soul is twisted and corrupted beyond imagining The darkness within becomes too strong and is unleashed releasing chaos in its never ending pursuit for power It is a wicked burden to bear and when Aliz inherits this unwanted gift her soul is thrust into oblivion and she emerges as the new goddess forever thirsty for dominance Now it is up to Aliz's boyfriend Eddy and his new friend Keryn to help Aliz The only option seems bleak and Eddy drowns in despair But in a world where anything is possible can there be a way to pull somebody back from the abyss Do our heroes try and spit in the face of destiny Or can destiny be changed And if they do change destiny then what

Gods Word in life as we grow and mature in our Christian walk The Lion of Judah Rabbi Kirt A. Schneider,2019-01-08 If Jesus is a Jew why is there a wedge between Christianity and Judaism If Jews and Christians both believe in the same God why is there such division Why is history littered with deathly accounts of this division from the early Jewish persecution of Christians to the Crusades slaughtering of Jews The Lion of Judah unpacks the roots of this division showing how jealousy theology the law and the integration of Gentile believers into what was once a predominantly Jewish early church contributed to the schism It then goes on to reveal how Jesus magnificently fulfilled every word in the Bible Readers will discover why the Lion of Judah is the rightful Lord and King of all people Jews Christians Muslims Buddhists Sikhs atheists and the rest of creation This book will help Christians understand the history of Christianity and Judaism get into greater alignment with God s plan of redemption be better equipped to share the gospel with Jewish people and become more sensitive to and appreciative of their Hebraic heritage The Rural Midwest Since World War II J. L. Anderson,2014-02-01 J L Anderson seeks to change the belief that the Midwest lacks the kind of geographic coherence historical issues and cultural touchstones that have informed regional identity in the American South West and Northeast The goal of this illuminating volume is to demonstrate uniqueness in a region that has always been amorphous and is increasingly so Midwesterners are a dynamic people who shaped the physical and social landscapes of the great midsection of the nation and they are presented as such in this volume that offers a general yet informed overview of the region after World War II The contributors most of whom are Midwesterners by birth or residence seek to better understand a particular piece of rural America a place too often caricatured misunderstood and ignored However the rural landscape has experienced agricultural diversity and major shifts in land use Farmers in the region have successfully raised new commodities from dairy and cherries to mint and sugar beets The region has also been a place where community leaders fought to improve their economic and social well being women redefined their roles on the farm and minorities asserted their own version of the American Dream The rural Midwest is a regional melting pot and contributors to this volume do not set out to sing its praises or by contrast assume the position of Midwestern modesty and self deprecation The essays herein rewrite the narrative of rural decline and crisis and show through solid research and impeccable scholarship that rural Midwesterners have confronted and created challenges uniquely their own **Little House Books by Laura Ingalls Wilder.
