

4. Make a list of five aspects of women's health. 1×5=5

Read the passage below and answer the questions 5–8.

A world Heritage site is a place (natural or cultural) recognized by the international community in the shape of the World Heritage Convention declared by UNESCO in 1972 as possessing universal value and coming under a collective responsibility for its preservation. A country nominates a site to the convention, and a decision on whether to include it in the world Heritage list is made by a 21 member international committee. Though a small country, Bangladesh has three World Heritage sites—the historic Shatgombuj Mosque of Bagerhat, the ruins of the Buddhist Vihara at Paharpur and the Sundarbans.

The Shatgombuj Mosque is a 15th century Islamic edifice, situated in the suburbs of Bagerhat. It is an enormous Moghul architectural site covering a very large area. The Buddhist Vihara was founded in the 7th century. It is the largest single Buddhist monastery in the Indian Sub-continent. It was a renowned intellectual centre from the 17th century. The Sundarbans the 52nd World Heritage site in the world—is the largest mangrove forest in the world. Many people love to see its natural beauty. It's a wonderful place to go far from the crowded towns and cities.

5. Write short answers to the following questions. 1×5=5

- What do you understand by a World Heritage Site?
- What are the World Heritage Sites of Bangladesh?
- When did the Buddhist Vihara earn fame as an intellectual centre?
- Describe the Shatgombuj mosque in one sentence.
- What do you think should be the title of the passage other than 'World Heritage Sites'?

6. Fill in the gaps with suitable words. 1×5=5

A World Heritage site needs an international (a) —. It has to be (b) — by a country. It comes under a (c) — responsibility for its preservation. The (d) — to include the site is (e) — by a 21 member international committee.

7. Summarise the passage in five sentences. 1×5=5

8. Based on your reading of the passage, make short note in each of the boxes in the flow-chart showing different aspects of the World Heritage sites in Bangladesh. (No. 1 has been done for you): 1×5=5
