called the Summa Theologica or simply the Summa written 1265-1274 is the best known work of Thomas Aquinas c. 1225-1274 and although unfinished one of the classics of the history of philosophy and one of the most influential works of Western literature. It is intended as a manual for beginners in theology and a compendium of all of the main theological teachings of the Church. It presents the reasoning for almost all points of Christian theology in the West. The Summa's topics follow a cycle: the existence of God, Creation, Man, Man's purpose, Christ, the Sacraments, and back to God, courtesy of wikipedia.com. This is part 2.2 Secunda Secundae. In a chain of acts of will, man strives for the highest end. They are free acts insofar as man has in himself the knowledge of their end and therein the principle of action. In that the will wills the end, it wills also the appropriate means, chooses freely, and completes the consensus. Whether the act be good or evil depends on the end. The human reason pronounces judgment concerning the character of the end; it is therefore the law for action. Human acts, however, are meritorious insofar as they promote the purpose of God and his honor. By repeating a good action, man acquires a moral habit or a quality which enables him to do the good gladly and easily. This is true, however, only of the intellectual and moral virtues which Aquinas treats after the manner of Aristotle; the theological virtues are imparted by God to man as a disposition from which the acts here proceed while they strengthen, they do not form it. The disposition of evil is the opposite alternative. An act becomes evil through deviation from the reason and from divine moral law.

Summa Theologica (Part 2.1) Thomas Aquinas, 2012-01-05 This brilliant synthesis of Christian thought has had a decisive and permanent impact on religion since the 13th century and has become substantially the official teaching of the Catholic Church. The Summa Theologica, as the title indicates, is a summing up of all that can be known about God and humanity's relations with God. It is divided into three parts dealing with God, man, and the God-man, respectively. It consists of 38 tracts, 631 questions, about 3000 articles, 10 000 objections, and their answers. Essential reading for all who are interested in core Christian thought.

Aquinas and the Market Mary L. Hirschfeld, 2018-11-26 Economists investigate the workings of markets and tend to set ethical questions aside. Theologians often dismiss economics, losing insights into the influence of market incentives on individual behavior. Mary L. Hirschfeld bridges this gap by showing how a humane economy can lead to the good life as outlined in the thought of St. Thomas Aquinas.

Godliness and Greed Skip Worden, 2010-01-01 Skip Worden shows the profound transformation of Christian thought on economics from the beginning of the Commercial Revolution to the fifteenth century Renaissance. Worden explains how the general antagonism toward the pursuit of wealth before the Commercial Revolution turned into Protestant theologians fighting against the prevailing view of a pro-wealth paradigm during the fifteenth century.

The Mystery of Reason Paul Haffner, 2001 The Mystery of Reason investigates the enterprise of human thought searching for God. People have always found stepping stones to God's existence.

carved in the world and in the human condition This book examines the classical proofs of God's existence and affirms their continued validity It shows that human thought can connect with God and with other aspects of religious experience Moreover it depicts how Christian faith is reasonable and is neither blind nor naked Without reason belief would degenerate into fundamentalism but without faith human thought can remain stranded on the reef of its own self sufficiency This book proposes that the human mind must be in partnership with the human heart in any quest for God Paul Haffner is lecturer in systematic and dogmatic theology in Rome at the Pontifical Gregorian University the Pontifical Lateran University and the Pontifical Athenaeum Regina Apostolorum In this series he has published *The Mystery of Creation* *The Mystery of Mary* and *The Sacramental Mystery* [Themelios, Volume 48, Issue 2](#) Brian Tabb, 2023-10-13 Themelios is an international evangelical peer reviewed theological journal that expounds and defends the historic Christian faith Themelios is published three times a year online at The Gospel Coalition <http://thegospelcoalition.org/themelios> and in print by Wipf and Stock Its primary audience is theological students and pastors though scholars read it as well Themelios began in 1975 and was operated by RTSF UCCF in the UK and it became a digital journal operated by The Gospel Coalition in 2008 The editorial team draws participants from across the globe as editors essayists and reviewers General Editor Brian Tabb Bethlehem College and Seminary Contributing Editor D A Carson Trinity Evangelical Divinity School Consulting Editor Michael J Ovey Oak Hill Theological College Administrator Andrew David Naselli Bethlehem College and Seminary Book Review Editors Jerry Hwang Singapore Bible College Alan Thompson Sydney Missionary Nathan A Finn Southeastern Baptist Theological Seminary Hans Madueme Covenant College Dane Ortlund Crossway Jason Sexton Golden Gate Baptist Seminary Editorial Board Gerald Bray Beeson Divinity School Lee Gatiss Wales Evangelical School of Theology Paul Helseth University of Northwestern St Paul Paul House Beeson Divinity School Ken Magnuson The Southern Baptist Theological Seminary Jonathan Pennington The Southern Baptist Theological Seminary James Robson Wycliffe Hall Mark D Thompson Moore Theological College Paul Williamson Moore Theological College Stephen Witmer Pepperell Christian Fellowship Robert Yarbrough Covenant Seminary

Right And Reason Fr. Austin Fagothey, 2000-02-15 Ethics both in theory and practice Phrased in non technical language Right and Reason is a thoroughly competent book in the philosophy of Ethics which gives the science of morality from the Aristotelian Thomistic common sense school of thought which is none other than the Perennial Philosophy of the Ages the philosophy outside of which one's positions quickly become absurd and all reasoning ends up in dead ends Impr

Torrance, 2023-04-04 The word accountability is often used without much thought being given to what precisely it means It is especially common in Christian circles where there is frequent talk about being accountable to God yet still without a clear grasp of this word Accountability to God proposes develops and analyses two concepts of accountability as both a condition and a virtue It also engineers these concepts to make them particularly apt for thinking about 1 accountability to God and 2 other relationships of accountability that exist under God In its first part the book builds a theological and general case for its particular views of accountability In its second it engages in the constructive work of developing a theology of accountability in relation to the doctrines of the Trinity participation in Christ the Fall the fear of God reconciliation baptism repentance faith and conversion In developing this theology Torrance interacts with a number of major theologians such as the Apostle Paul Augustine Thomas Aquinas Dietrich Bonhoeffer and Karl Barth He also extensively engages with contemporary work in analytic philosophy systematic theology including analytic theology biblical studies and psychology By bringing a diverse range of scholarship into discussion Accountability to God is the first book to focus specifically on what it means to be accountable to God It thereby proposes a more positive constructive and theologically apt way to think about accountability The Complete Story of Civilization Will Durant, 2014-01-21 The Complete Story of Civilization by Will Durant represents the most comprehensive attempt in our times to embrace the vast panorama of man's history and culture This eleven volume set includes Volume One Our Oriental Heritage Volume Two The Life of Greece Volume Three Caesar and Christ Volume Four The Age of Faith Volume Five The Renaissance Volume Six The Reformation Volume Seven The Age of Reason Begins Volume Eight The Age of Louis XIV Volume Nine The Age of Voltaire Volume Ten Rousseau and Revolution Volume Eleven The Age of Napoleon **The Age of Faith** Will Durant, 2011-06-07 The Story of Civilization Volume IV A history of medieval civilization Christian Islamic and Judaic from Constantine to Dante A.D. 325-1300 This is the fourth volume of the classic Pulitzer Prize winning series *The Architecture of Law* Brian M. McCall, 2018-05-30 This book argues that classical natural law jurisprudence provides a superior answer to the questions What is law and How should law be made rather than those provided by legal positivism and new natural law theories What is law How should law be made Using St Thomas Aquinas's analogy of God as an architect Brian McCall argues that classical natural law jurisprudence provides an answer to these questions far superior to those provided by legal positivism or the new natural law theories The Architecture of Law explores the metaphor of law as an architectural building project with eternal law as the foundation natural law as the frame divine law as the guidance provided by the architect and human law as the

provider of the defining details and ornamentation Classical jurisprudence is presented as a synthesis of the work of the greatest minds of antiquity and the medieval period including Cicero Aristotle Gratian Augustine and Aquinas the significant texts of each receive detailed exposition in these pages Along with McCall s development of the architectural image he raises a question that becomes a running theme throughout the book To what extent does one need to know God to accept and understand natural law jurisprudence given its foundational premise that all authority comes from God The separation of the study of law from knowledge of theology and morality McCall argues only results in the impoverishment of our understanding of law He concludes that they must be reunited in order for jurisprudence to flourish This book will appeal to academics students in law philosophy and theology and to all those interested in legal or political philosophy **The Routledge**
