

Satisfactory Academic Progress Policy

Regulations require that all students show satisfactory academic progress towards their educational objective. In order to be considered making satisfactory progress towards a certificate/diploma, students must maintain specified grade averages as well proceed through the course at a pace leading to completion in the specified time frame. Time Frames or Program Completion Policy is reviewed during Orientation. Students receiving funds under any Title IV financial aid program must maintain Satisfactory Progress in order to continue eligibility for such funds. Satisfactory Academic Progress for financial aid eligibility is not to be confused with academic progress evaluations as defined by Northeast Technical Institute which can be found in the Student Handbook/ Catalog located in the school's Admissions Office. For purposes of determining satisfactory progress, all students will be measured on meeting both academic and completion progress.

To monitor Satisfactory Academic Progress, the following two criteria are included:

- Qualitative Measure of Progress
- Quantitative Measure of Progress

SAP Monitoring

- The qualitative and quantitative components for SAP at NTI will be monitored at the end of each payment period in order to provide a formal intervention by the institution for those that do not meet the SAP standards.
- In order to receive Title IV aid, a student must be making Satisfactory Academic Progress regardless of whether he or she previously received Title IV aid.

Qualitative Measure of Progress

- Students must maintain a minimum of a 2.0 cumulative grade point average at the midpoint and any subsequent review period during their program of study.

Quantitative Measure of Progress

- All students must complete 70% of all Northeast Technical Institute scheduled course hours.
- Students who do not earn 87% of all Northeast Technical Institute credit hours attempted will be placed on Financial aid probation for the next payment period. At the end of the following payment period, the student must meet the standards or financial aid may be canceled for future payment periods until student either meets the standards or the student has an appeal approved putting them on academic probation with an academic plan on file demonstrating the requirements for the student to satisfy requirements prior to graduation.
- Students on probation must meet standards each payment period as assigned by the Satisfactory Academic Progress Probation Policy.
