women Her love of Family and Temple work led her to discover the histories of forty six women who not only had made quilts together but had been related to each other and to her and her husband s family The women were all converts to the Church of Jesus Christ of Latter Day Saints from the southern states in the late 1800s and early 1900s They had all come together in a place called Kelsey which became the mother colony of the Church in Texas Wilford Woodruff encouraged the saints to stay in Texas and not make the move to Salt Lake They sent Missionaries to Kelsey to oversee the education of these new saints The personal histories of these women help her to overcome the loss of her husband and strengthen her testimony of Jesus Christ so much that she knows that she has to share it with their families As she researches she meets others who love these women too Their Stories also help her to remember and record her own memories and maybe it will help others do the same
