the forfeitures and losses of extending forgiveness are eclipsed by the lavish and matchless love of God our Rescuer

Copyright Office, 1951 Joy Cometh in the Morning Dr. James Sylvester Reed Jr., 2017-08-02 As a child I found it quite difficult trying to sort out my own identity as a quasi middle child I say that because I had two sisters who were older and one sister just a year younger I was the only male in the household other than my father You would think that the situation would have worked in my favor since I was my father's only son Believe it or not my situation worked completely opposite to the norm My father had adopted a philosophy based on his own evolution as a child Ironically he had three sisters himself He had left home while in the fourth grade with a lumber company and didn't reunite with any of them until I was 5 years old at the time he was 61 For a large part of my developmental years I was under the impression that my father really didn't like me at all As a result I became my own best friend My sister's had my mother and my father more especially they had each other Just as I had begun to become accustomed to the idea of my own independence and to compensate for the lack thereof my father passed away It seems such a very long time ago I was only 16 years old and he was 73 but that was only the beginning of my blessed journey to this juncture in my life The following year my dear mother passed away at age 59 This time I felt that my life had also come to an abrupt end I never shall forget I went into my pitch black room crying out to the Lord Why me at this particular time in my life I was a mixed up teenager completely dissolute concerning my future My father unequivocally felt that the male gender

could survive with little to no assistance because he had done so Thus his virtue ultimately became my manifesto No excuses

The Trouble with the Trinity Carlos A. Pinkham, 2019-07-26 One God or one with several forms Or maybe two three or perhaps many separate Gods If you seriously study all the Christian religions you will find that each of these possibilities is claimed That is one trouble with the Trinity there are just too many possibilities Which if any is right Which view does the Bible support And if it supports one view how strongly and in exactly what way The Trouble with the Trinity attempts to study every verse in God s Word that links a name for one or more members of the Godhead with a nearby word or concept for God Nearly a thousand verses meet this condition Collating them into logical categories reveals the eight and only eight possible ways and combinations that could help us understand that the Father Son and Holy Spirit is Three in One Moreover when the verses in each of these eight ways are further organized they provide deep insights into the nature of God And when the eight ways are woven together they reveal a startling symbol with relevance to Judaism Christianity Islam geometry and our neural network Furthermore these insights are reinforced through the symbolism of the colors used in the tabernacle when these colors are properly applied to the eight parts of the symbol The book incorporates mathematics and science especially the biological sciences written with plain language into the discussions of the Trinity Some of the proposed connections have never been posited elsewhere It also considers other symbols and icons of the Trinity for their ability to reflect aspects of the Triune Godhead The Trouble with the Trinity is not written for the theologian although it includes a section that presents a theological discussion of the Trinity Rather it is written for those who are curious about or confused by the Trinity For more information and to view Images About the book Appendixes and more as well as contact information please go to <https://www.thetwtt.com> You can also visit the author s Facebook page <https://www.facebook.com/TTWTTrinity> view_public_for 100820838002256
