Submissive Training Manual:

Dom's Guide To Submissive Training Elizabeth Cramer, 2013-11-22 A Dom sub relationship doesn't just happen. It is a finely crafted and designed system of expectations and joys. In order for you and your submissive lady to fit one another and create a lasting happy union, there must be a period of training. It does not matter if your sub has thirty years of experience in submission or just read *50 Shades of Grey* and decided to try it herself. She will need to be trained for the best relationship to emerge. Dom's Guide to Submissive Training was specifically written for doms/masters. It is designed to provide you with a step-by-step blueprint on how to train your new sub. It goes from preparation all the way down to the closing ceremony, including advanced techniques/tips. Training can be one of the most exciting, challenging, and fun parts of the relationship. A well-trained sub will not only serve you in the capacity you deserve but will have built up the two most important elements in any BDSM relationship: trust and consistency. Following the instructions in this guide will allow you to show yourself as a worthy master who is in control, experienced, and able to guide you both to the best possible life. Submissive Training

Elizabeth Cramer, 2015-03-05 Nothing will prepare you for a life of submission in the same way as your formal training. Submissive training isn't just a good idea when it comes to creating a BDSM relationship; it is essential. *Submissive Training: 23 Things You Must Know About How To Be A Submissive* is designed to help you know what to expect when you go through training with a new Dom. Every couple is unique, and every Dom may have different ways of teaching you the systems of service he prefers. However, these are the basics all trained subs and slaves learn and employ in daily life. Rushing into a relationship or service contract with a Dom without training puts the future of your time together at risk. All of the arguments, resistance, misunderstandings, and hurt feelings that go with a new submissive's experiences can be eradicated by a period designated for learning, listening, trial and error. Even if you have been with a previous Dom, you will need to go through an abbreviated training time to ensure your patterns and understandings match one another. Training is a way to get in the same rhythm and find the perfect groove. If you are a Dom, this guide is the perfect gift to give to your new sub. If you are a sub, this guide will teach you how to go through your submissive training. As you go through these things on the journey to become the woman you were made to be, you will be tested, but you will also be proud, joyful, and perhaps for the first time in your life, you will be at peace. *The Advanced Dom's Guide To Submissive Training* Elizabeth Cramer, In this advanced guide for Doms, we're going to focus on becoming a billionaire type of Alpha Dom so that you can become more attractive to the subs you offer your services to. You are soon going to find out that money actually has nothing to do with the attraction the Dom builds with the sub. It's all in personality, in posturing, and in a certain way of thinking. We're going to train you, Dom to Dom, how to activate that attraction and more importantly, how to come across as a worldly-wise educator to a sub that needs someone strong, smart, and creative in her life. By the time you finished this book, you will be well on your way to becoming Alpha Dominant, Valuable, Educated, Confident, and the famous billionaire charm that will make you irresistible. What does it really mean to be a submissive or sub? Much of what we see in BDSM practice especially in the mainstream focuses on how to become dominant and act like the ideal Dom or master or Top. However, a lot of newcomers are confused as to how this works. They vaguely understand that the submissive or sub or slave is supposed to obey. But they don't understand the emotional dynamics or how to act like the ideal sub or even how to enjoy the experience. That's what this book is going to teach you. How to be a better sub and have a happy healthy BDSM lifestyle. Back cover

Dom's Guide to Submissive Training Volume 2 Elizabeth Cramer, 2013. There are two foundational pillars of a BDSM relationship between a Dom and a sub: consent and trust. Everything else in the relationship—the fun, the love, the discipline, the eroticism, the tears, and the journey—are all built on those standards. Both consent and trust require honest communication in order to thrive. The vast majority of that communication begins long before the training begins. In *Dom's Guide to Submissive Training Vol 2*, I listed 25 things you must know about your new sub if you want to create a satisfying relationship with a devoted submissive. It's not enough to just ask "What do you like?" or "Would you like to be my sub?" You need to know things about your sub that are deeper, more practical, and helpful. Without the knowledge of these 25 things, you may be able to create momentary excitement, but it will surely turn into a frustrating short-term relationship headed for drama, disaster, and end. Following this guide allows your sub to communicate freely and provides a mechanism for her to reveal her true self, even if she doesn't have the words to do so. There are a million things subs want their Doms to know. These questions will help your sub tell you.

Dom's Guide to Submissive Elizabeth Cramer, 2013-12. You may think that every Master has a huge house filled with either gothic décor or fluffy white couches and a ridiculously full selection of paddles, straps, whips, crops, restraints, sex toys, and bondage gear. Fortunately, you don't have to pay a hundred dollars for a specialty flogger or purchase a wedge from Extreme Restraints for three hundred bucks in order to be a great Dom and provide your sub with hours of bondage, spanking, and fun. Most of the things you need to give your submissive the spanking of a lifetime, a punishment to fit the crime, or just an incredible bondage experience can be found right in your own home. Your sub will not only enjoy the variety of experiences in her sessions but also appreciate your creativity. *Dom's Guide to Submissive Training Vol 3* gives you 31 common objects you already own or can purchase for minimal cost and keep right out in the open that will enhance your BDSM relationship and provide you and your sub hours of pleasure. Aside from the cost savings, there is another benefit to using everyday objects in your BDSM training and session fun: discretion. Not every person can be seen walking down the street or through an airport with a leather whip in his hand or a wooden paddle in his bag. Many Doms must conceal their activities from employers, social circles, or vanilla spouses. Common objects make it easier to engage in important rituals without detection.

keep their real names and identifiers private This not only helps maintain physical safety but also gives her the freedom to talk about sexual fantasies and naughty ideas without fearing judgment from other people or consequences on the job Online submission also allows for a sexual experience rooted in the world of fantasy A woman can take on any role or persona she wants and perform acts she would not be willing or able to do in real life She can express emotion devotion and talk as dirty as she likes without feeling self conscious or uncomfortable While the scenarios sometimes described in online submission can be pure fantasy seemingly endless sexual romps with multiple orgasms and no pain or soreness the feelings of lust love loyalty friendship and arousal are all very real and can be a part of a vibrant sexual life This Submissive Training guide will take you into the world of online submission along with safety protocols and techniques for making the digital fantasy a physical reality You will also learn how to make the transition from online submission to a real life meeting
