Submitting A Book To Kindle:

How to Publish a Book on Amazon Sam Kerns, 2016-11-09 Are you tired of how to publish books that are full of fluff and no real information I was too Before I began my publishing career with Kindle books I read just about everything out there looking for real answers to questions I had about the industry But much to my disappointment most of the books were filled with fluff or stories of people who hit it big without really telling me how or why I determined to jump in and learn for myself and that's exactly what I did I started with my first book *How to Work from Home and Make Money* and then quickly published three more I was looking for the topic of my fifth book when it hit me why not share what I've learned with the people who still haven't made the leap and published their own book It all began when I received an email from a book promotion site One of the features was a how to book about publishing Kindle books so out of curiosity I followed the link and read the reviews And sure enough the page was full of people complaining that the book didn't contain any valuable information So here's what I decided to do Write a book that answers all of the real questions without painting an unrealistic view of the possibilities In my book I answer things like How to pick book topics that will sell Why it's important and what I've done right and wrong How to write a book in 30 days or less And take weekends off How to conduct research for your book How to make your own covers for free The pros and cons of pre-releasing your book When you should enroll your book in Kindle Unlimited And when you shouldn't How to format your book yourself Including the clickable table of contents And how to get it done for cheap if you don't want to do it Why you need a paperback version And how to create one Why you may need an audio book And how to get one for free How to get your book translated into other languages for free And why you should Why ranking matters And what to do if your book isn't ranking well How to market your book Including links and contact information for the people I use What to do after you publish your first book How much you can REALLY expect to make with Kindle publishing I talk about the mistakes I've made so you don't make them too And I provide you with step by step instructions and relevant links for all of the above areas and more In other words this book is the ONLY book you'll need to start a career publishing Kindle books If you've been dreaming of publishing a book but don't know where to start or if you've already published but can't find success this may be the book you've been waiting for Why not take the first step toward your publishing career and download it right now I promise you won't find any fluff or useless information in it Just an actionable guide that answers the questions no one else will

How to Publish a Book on Amazon Nina

HARRINGTON, 2020-04-09 HOW TO PUBLISH A BOOK ON AMAZON Kindle Direct Publishing has transformed the publishing industry enabling writers around the world to share their work without the barriers of literary agents and traditional publishing and appeal directly to their readership The challenge is that many authors struggle with the technical details of the formatting and publishing process That's why I have created this Ultimate Guide to How to Publish a Book on Amazon It has been designed from the start to save you time and money THIS IS A COMPLETE ONLINE COURSE IN THE FORM OF A
