Chris Smith, 2006 Publisher description

*International Handbook on Giftedness* Larisa Shavinina, 2009-08-12

If you publish you are trying to create something that is original that stands out from the crowd Above all you want to create something you are proud of

Richard Branson 2002 p 57 After the publication of my bestselling *International Handbook on Innovation* publishers from around the world began to invite me to work on new books with them

When Springer invited me to prepare the *International Handbook on Giftedness* I was on a maternity leave with my 3 months old and my 5 year old was just starting school I however had wanted to prepare such a Handbook for a long time and was waiting for just the right moment to dive right into such an endeavor

The time had come and I agreed to prepare a Handbook that would expose readers to new views great discoveries and significant advancements of scientific knowledge exactly as Richard Feynman advised see his opening quote at the beginning of the introductory chapter I have always been convinced of the paramount significance of the topic of giftedness and gifted education to the world as a whole

There is no doubt that gifted individuals were and will be extremely important to society One way to understand the history of human civilization is via inventions and discoveries of the gifted All human cultural development builds on the amazing technological scientific and moral achievements of the human mind

Today people increasingly realize that gifted and talented individuals are even more important than in the past
