The Indigo Soul Arnette Lamoreaux, 2013-08-15 When I started my professional career I was told I was tenacious I had to look up the definition Determined or stubborn tending to stick firmly to any decision plan or opinion without changing or doubting it The

last few years I have been anything but tenacious I tried one thing if it didn't work I immediately changed course and looked for another viable option My heart goes out to parents who may find themselves in a similar situation I had the background I had resources More than that I had an undeniable fear Fear that my kids would be lost in a world that didn't understand nor WANTED to understand Not everyone can function in our educational infrastructure and how dare anyone pass judgment and say they are inferior in any way My lesson to not be afraid of the mandates of this society This is the true story of a mom protecting her children and learning that their true purpose is to not only to protect me but everything else as well I am again tenacious for all that is Indigo *Case Studies in School Psychology* Stephanie A. This book was written for every parent who has ever struggled with that uneasy anxious apprehensive gut feeling You are convinced something is wrong or perhaps different with your child but you just can't put your finger on it You talk to teachers administrators anyone who will listen They suggest this or tell you to do that You know deep down inside that it probably isn't the solution but you are not the expert so you do what you are told Slowly the school year goes by then the next and the next and nothing changes Sometimes you start to feel like you are going crazy that you are obsessing This book is for any parent who has lost hope to know that you are not alone It is for the parent who needs to ask questions but does not know where to find answers Most of all I hope through our story some parents will feel empowered enough to fight for their child no matter what it takes without fear of

retribution from their school system You are your child's best advocate You need to speak up Whatever issues you might be having with your child there is something in our story for everyone Included are actual emails transcripts and more I want to share the pain the fear the joy the uncertainty some direction and hopefully some insight You must look beyond the report cards but prepare yourself You might uncover your own incredible mind boggling unbelievable stories that may seem absurdly unREAL
