

ORIENTATION SPEECH

September 2015

Ladies and gentlemen, it is my great pleasure to welcome you to the University of Limerick this morning. I wish to congratulate each of you, first on having secured your university place and second, for having the good sense to choose to study in the University of Limerick. The University of Limerick puts the student at the centre of everything it does; your experience here at UL and your success is important to each and every member of staff who works here.

Your arrival at university marks a new chapter in the story of your life. But this chapter is a bit different. The preceding chapters were largely written by others – your parents, guardians, families, teachers and the like. Now you will be the principal author of the next chapter – you have the opportunity to determine the direction, the plot and the tempo of your story. This can seem as daunting as it is exciting, as challenging as it is empowering. But the great thing is that you are doing something that you have chosen to do, not something that was chosen for you by others. And while you are here at UL you will have the opportunity to learn new things, acquire new knowledge, develop new skills, and enhance your personal attributes in profound ways that will equip for life after University. At the same time you will

Welcome To School Open House Speech Samples:

100 Master Speeches...for the Use of Orators, Students and Teachers, Officers and Members of Clubs, Societies and Organizations, Businesses and Professional Men: Educational addresses William Homer Ames, Paul A. Miller, 1924 **Resources in Education** ,1996 *Good Housekeeping* ,1929 **Get Organized!** Frank Buck, 2015-08-14

Providing you with simple tools and techniques to bring order and control to your personal and professional life, this book will increase your productivity and decrease your stress. With *Get Organized* you can spend your time on what matters most: your school and your students. Special Features Includes easy to implement ideas at little or no cost you can start right away. Each chapter contains practical tips and tools listing exactly what to do in order to implement the strategy. This entirely updated edition provides digital strategies and tips for thriving in the Information Age. *Illinois Technograph* ,1960 **Unity in Diversity: Achieving Structural Race Equity in Schools** Rachel Macfarlane, 2023-06-01

A third of all children in our schools are from racially minoritised backgrounds. Yet the data on attainment, exclusion, progression and representation indicates that our education system is structurally racist. *Unity in Diversity* explores the unconscious biases at play in our schools and demonstrates how educators can address this by improving representation in the curriculum, staffroom and on the governing trust board. Drawing on case studies from leaders, this book demonstrates what schools are already doing to create an impactful anti-racist ethos and how these strategies may be applied in practice. Written by an experienced headteacher who has supported a diverse range of schools in improving their race equity, each chapter addresses a different aspect of race inequality and provides practical strategies for overcoming it. This book empowers readers to acknowledge that systemic race inequality exists in schools and that this necessitates an anti-racist approach. To become comfortable talking about race and to create safe spaces for staff and students to engage in discussions about race. To address unconscious biases and white fragility and to examine the inequality and underrepresentation of ethnic groups. To audit all aspects of educational provision to determine what needs to change and to action and implement this change with lasting impact. Schools and teachers can play a major role in eliminating systemic racism in society. This book is an essential read for any teacher, leader, governor or trustee who is restless to address race inequity in our education system, creating a more equal and represented school community. **Leading from Behind** Maia Chenux-Repond, 2017-07-19

Drawing on communications rescued from the shredders in the last days of Rhodesia, enlivened by photographs and memories both her own and those of her colleagues, Maia Chenux-Repond tells the story of her work as the Provincial Community Development Officer, Women for Mashonaland and South, in the Ministry of Internal Affairs in the 1970s. There are no records whatsoever in the National Archives of Zimbabwe about the Community Development Section Women, even though it was active in all the provinces. In the absence of other documentary sources and

all other provincial officers long having emigrated or died this account of her work fills a significant gap in the pre independence history of Zimbabwe the crucial focus of the Womens Section on improving the lives and skills of women in the rural areas became progressively more difficult when the civil war intensified from the early 1970 as rural people and the development workers themselves were moved into Protected Villages and as the Ministry became increasingly militarized
