#### The Washington English Language Proficiency Assessment

(WELPA) determines student eligibility for English language development (ELD) services. The WELPA annually assesses growth in English language development by the state's English language learners. This assessment tests reading, writing, listening and speaking knowledge and skills.

#### The WILLPA consists of two tests:

- The Placement Test is used to determine initial student eligibility for English language development (ELD) services. The Placement Test is given to all students whose families answer "a language other than English" to question #2 or to question #3 on the Home Language Survey.
- The Accessed Lest is given to all students who qualified for ELD services with a
  Placement Test. It measures students' growth in English language knowledge and
  skills. Results from this test determine which students are eligible to continue to
  receive ELD services.
