Transforming History Mary Jo Festle, 2020-04-14 Teaching history well is not just a matter of knowing history it is a set of skills that can be developed and honed through practice In this theoretically informed but eminently practical volume Mary Jo Festle examines the recent explosion of research on the teaching and learning of history Illuminated by her own work Festle applies the concept of backward design as an organizing framework to the history classroom She provides concrete strategies for setting up an environment that is inclusive and welcoming but still challenging and engaging Instructors will improve their own conceptual understandings of teaching and learning issues as well as receive guidance on designing courses and implementing pedagogies consistent with what research tells us about how students learn The book offers practical illustrations of assignments goals questions grading rubrics unit plans and formats for peer observation that are adaptable for courses on any subject and of any size Transforming History is a critical guide for higher and secondary education faculty neophytes and longtime professionals alike working to improve student learning

Western Civilization, No. 2, (from 1500) Gerald Kurland, 1983-02

Human Geography Mark Boyle, 2021-04-12 Revised Extended and Extensively Updated Text Uses Historical Geographical and Thematic Approach to Provide Undergraduates with a Firm Foundation in Human Geography Drawing on nearly three decades of instructional experience and a wealth of testing pedagogical innovations with students Mark Boyle has revised and expanded this authoritative and comprehensive introduction to Human Geography As with the First Edition Boyle follows the premise that history makes geography whilst geography makes history and that the key to studying the principal demographic social political economic cultural and environmental processes in any region in the world today is to look at how that region has been impacted by and in turn has impacted the story of the rise reign and decline of the West Moreover he argues that

Human Geography itself is best understood as both an intellectual endeavour and a historical political and institutional project. Informed by recent developments in post colonial scholarship the book covers key concepts seminal thinkers and influential texts in the field. Although designed for the beginner student Boyle does not shy away from ideas and debates often avoided in introductory texts clearly communicating theory without condescension. In addition he places human geography in its larger academic context discussing the influences on the field from related subjects. Notable features in the Second Edition include Extensive revision and updating of coverage of key ideas developments debates and case studies. New chapter on uneven geographical development at different scales and development theory and practice. Dedicated coverage of Covid 19s geographies. New learning resources figures tables plates maps Deep Dive boxes etc throughout the text plus learning objectives essay questions checklists summarizing key ideas and guidance for further reading. Updated and expanded companion website with MP4 and MP3 chapter by chapter lectures and PowerPoint slides for each chapter. New multiple choice exam paper and additional essay style exam questions and a wide range of student tutorial exercises. Human Geography An Essential Introduction Second Edition is an excellent foundational text for undergraduate courses in human geography globalization Western civilization historiographies of intellectual thought the grand public problems confronting humanity in the twenty first century and other wider social science courses.
