Community Education for Social Justice Cameron White,2014-02-05 What is community How important is community in the 21st century Where might the idea of community fit in education and schooling teaching and learning These are the questions and themes embedded in this book The general critique is that community is an add on in our schools and often is dismissed as a result of the individualistic and competitive nature of schooling today Our focus is to provide critical investigations as to the possibility of community and that we need community now more than ever The concept of community education brings many ideas and issues to mind Related themes include place based field based environmental service learning and outdoor education Each has its own more narrow focus with community education perhaps an umbrella term than encompasses them all Nevertheless the suggestion here is that instead of community education serving as an extension or add on to traditional approaches it should be the focus of all education What is often missing in teaching and learning are contexts and connections that make education meaningful Community education engages participants in problem and issues based approaches to the local community thereby facilitating that local to global link Instead of compartmentalized subjects integrated approaches use what students and the community know or understand to develop further questions solutions or even problems Community education offers efficacy in that it provides opportunities for collaboration in addressing local issues and problems It enables the community to become the classroom thus ensuring a more long term connection to active rather than passive endeavors as citizens **My Friend Sam** Deborah Sullivan,2025-05-14 My Friend Sam tells the story of Cooper who is entering third grade in a new school Cooper is really enjoying third grade and loves his teacher Mr Carpenter Shortly after school begins a new student joins the class While the new student is out of the classroom Mr Carpenter explains to the class that the new student Sam has autism and what exactly autism is Despite Sam s autism over time Cooper is able to interact with Sam and they develop a special friendship
