Get the most out of Sorrentino s Mosby s Textbook for Nursing Assistants 8th Edition and prepare for your certification exam

This chapter by chapter workbook and competency evaluation review reinforces your understanding of textbook content with numerous exercises and activities. It includes over 100 checklists, one for every procedure in the text. The competency evaluation review helps you prepare for the certification exam with content review, skills evaluation review, and practice exams. Comprehensive coverage corresponds chapter by chapter to the textbook. A wide variety of exercises enhances learning and keeps you interested. Over 100 procedure checklists allow step by step review of each procedure and for instructor and or self evaluation. Optional learning exercises are provided for longer programs and or higher level students. Independent learning activities in every chapter allow additional review and practice. Competency evaluation review section includes content review and review questions for all key topics as well as two practice exams that help to prepare you for the written certification exam. The skills evaluation review helps you practice the procedures you may be required to perform for certification.

Workbook for Fordney's Medical Insurance and Billing - E-Book Linda M. Smith, 2025-04-04. Get the hands on practice you need to master medical insurance billing and coding. Corresponding to the chapters in Fordney's Medical Insurance and Billing 17th Edition, this workbook provides realistic exercises that help you apply concepts and develop the skills needed by insurance billing specialists. Assignments ask you to complete common claim forms such as the CMS 1500 and the UB 04 by extracting information from patient records and accurately selecting procedural and diagnostic codes. This edition adds exercises on professionalism, HCPCS coding and credentialing activities. With this practical workbook, you will make the most of your Fordney's textbook. NEW HCPCS Coding chapter includes exercises for ambulance billing, supply billing, and more. NEW exercises on professionalism cover customer service, conflict management, diversity awareness, leadership, and other competencies to help you become an effective, engaged, and highly functioning employee. NEW exercises related to billing of automobile and liability insurance. Self study exercises reinforce your understanding with matching, true/false, multiple choice, mix and match, and fill in the blank questions, as well as critical thinking assignments. Diagnostic, procedural, and HCPCS code exercises provide practice with submitting a claim or making an itemized billing statement. Study outlines focus your review by listing the key points for each chapter. Performance objectives make learning easier by highlighting what you need to accomplish in each chapter. Key terms and abbreviations at the beginning of each chapter provide a quick reference to the health insurance terminology you need to know. Critical Thinking assignments are based on short real world vignettes, preparing you to work in a real medical office and allowing you to apply theory learned from the textbook. **Medical Terminology** Alice Prendergast, 1983.
