Sterne,2013-12-04 Simply breathtaking It doesn t simply offer alternatives to the history of Pointe du Hoc it blows them away for fans of anything WWII or D Day War History Online The Rangers mission was clear They were to lead the assault on Omaha Beach and breakout inland Simultaneously other Ranger units would scale the cliffs at Pointe du Hoc to destroy the huge gun battery there and thus protect the invasion fleet from being targeted But was the Pointe du Hoc mission actually necessary Why did the Allies plan and execute an attack on a gun battery which they knew in advance contained no field guns And more importantly why did they ignore the position at Maisy that did Using personal interviews with the surviving

Rangers who fought on the beach and at Pointe du Hoc Gary Sterne has made a painstaking study of what the Allies actually knew in advance of D day and about the Maisy Battery Maps orders and assault plans have been found in the UK German and US archives many of which were not released from the Top Secrecy Act for 60 years Radio communications have been found from the Rangers as they advanced inland towards Maisy and intelligence evaluations made by the RAF of bombing missions directed at the site have now been released All these combine to make this one of the most up to date references on the subject A gritty first hand yard by yard account of what combat was like will forever change the way you think about the battle for Omaha Beach and the importance of Pointe du Hoc The Armourer *Market Garden Then and Now Boxed Set* Karel Margry, 2002-08-30 Both volumes of Operation Market Garden Then and Now in a presentation slip case **U.S. Air Force Special Tactics** Combat Control School Heritage Foundation, 2022-11-08 The CCT The Eye of the Storm series chronicles the exploits of Air Force Special Warfare Combat Control Teams CCT It is told in the form of short stories many etched by a cocktail of blood sweat and tears The Combat Control story began in the de facto Volume I with the appearance of the first CCTs i e command and control teams cobbled together by the WWII U S Army Air Force USAAF for Operation Varsity The CCT story continued in Volume II detailing the 21st Century fight in the Global War on Terrorism GWOT Included are two humanitarian missions operations of epic proportion in Haiti and Japan In this third volume subtitled Medal of Honor MOH the CCT story is expanded incorporating the two previously self published volumes and adding hundreds of new stories from around the globe But with a concentration on operations in southwest Asia including Afghanistan now America s longest war This volume is an all inclusive compilation presented as a single premium publication The diversity of feature stories subjects and styles present a well rounded unbiased look at the CCT s view at the eye of the storm Each published PA reporter and volunteer contributor has a by line in the book Thanks to all for their remarkable journalistic work The book is expected to engage a wider ranging audience of American and allied military elements families historians and enthusiasts More importantly Medal of Honor celebrates the first ever award of the Air Force Medal of Honor to a Combat Control patriot and hero On April 20 2018 after more than fifteen years technical review and Air Staff deliberation the Medal of Honor for TSgt John Chapman was approved by President Donald Trump The MOH award ceremonies and associated events are covered in detail near the end of this book In preparing CCT The Eye of the Storm Medal of Honor the goal was to collect stories from hundreds of sources written by an even larger band of vetted professionals selected to observe record and report truths about military units in action In my mind the U S Government Public Affairs Offices were the perfect choice For that reason you will find hundreds of PA generated stories used herein Through our collective efforts we have published a fair and accurate chronical of USAF Combat Control Team s stories exploiting the public domain and declassified accounts This is a documentary of Air Force Combat Control Teams operating at The Eye of the Storm Subtitled Medal of Honor it is the most in depth CCT history ever published Policies and Programs for Preventing and Responding to Incidents of Sexual Assault
